May 11th Ceremonies For Groundbreaking

Bids for construction of the new eight million dollar, 250-bed Mary's Help General Community Hospital in Daly City will be opened tomorrow at 2 p. m. at the present Mary's Help Hospital at 145 Guerrero street in San Francisco.

Eight prominent Bay Area contracting firms have entered bids.

In addition to the contractors at the official opening of bids will be Sister Hermine, representing the Daughters of Charity, hospital administrator; her assistant Lawrence Hoban, William J. Lynch, Jr., legal counsel for the Mother House at St. Louis; R. W. Barnecut of the California Bureau of Hospitals and Department of Public Health; Rev. Timothy O'Brien, director of health and hospitals, the Archdiocese of San Francisco; D. A. Rourke, consultant to the Sisters and Stone-Marraccini and Patterson architects.

The modern Mary's Help Hoscpital will be built on a beautiful 1-acre hilltop towering above the intersection of Junipero Serra boulevard and Eastmoor avenue and offering a 360 degree view of the entire Bay Area.

A detailed survey conducted two years ago determined that the new hospital's service area, which will include all of north San Mateo County and the southern part of San Francisco, was the number one priority area in California in need of modern medical facilities.

The tri-cities of Daly City, South San Francisco and Pacifica and adjoining unincorporated areas are said to form a hub of one of the fastest growing areas of the state both in industry and population.

The need for a general community voluntary hospital is regarded as most urgent.

Colorful groundbreaking ceremonies to begin actual construction of the new hospital will be held May 11, (Saturday) at 1:30 p. m. with Governor Edmund G. Brown and the Most Rev. Joseph T. McGucke McGucken, archbishop of San Francisco, scheduled to be the principal speakers.

Weather permitting, several thousand residents who have long been awaiting this vitally needed facility are expected to be on hand for the ceremony.

Co-operating with the Sisters in the construction of their new hospital is a special board of governors with the honorable George B. Harris, as chairman and Roy A. Bronson and Christian De-Guigne as co-chairman of the campaign committee.

Among prominent Peninsula residents on the distaff side who have volunteered to serve on the new hospital board are Mrs. Neon Tucker, Mrs. Ralph K. Davies, Mrs. Felix McGinness, Mrs. Claire Giannini Hoffman, Mrs. Hunter W. Duvall, president of Mary's Help Guild, Mrs. Gene Fassler, former mayor of Pacifica and Mrs. William A. Drake, wife of the publisher of the Pacifica Tribune.

Cow Palace Annex

'No Ulterior Motive' Says Mayor Verducci

Mayor Joseph Verducci of Daly City told Mayor George Christopher of San Francisco last week that Daly City has "no ulterior motives" in including the Cow Palace in what is commonly called the Bayshore City annexation.

The annexation action by Daly City, said Verducci, is motivated by and based on the demand by 600 or more of the approximately 800 voters of Bayshore City.

"Inclusion of the Cow Palace in the annexation requested by the people of the area involved is both logical and necessary," Verducci added.

Verducci was commenting on a vote taken last week by the Board of Supervisors of San Francisco, in which they supported the Cow Palace board of directors in opposition to the Cow Palace becoming a part of Daly City.

Verducci stated that Daly City will benefit from the annexation as will the people of the area.

"Daly City is fully aware of the autonomous nature of the Cow Palace and we seek to usurp no prerogatives. We studied the matter carefully and we are at a loss to see how Daly City's annexation of the Cow Palace and Bayshore City will adversely affect the Cow Palace of the city of San Francisco. If anything, everyone will gain."

Verducci spoke of the close relationship of San Francisco and Daly City.

"As you know, Daly City and San Francisco have enjoyed an unusually harmonious and fruitful relationship. Despite the vast difference in the size of our communities, we have much in common. Most of us in Daly City are "native San Franciscans" and take great pride in the fact that our city borders on one of the great cities of the world!"

CLOSE CALL — Nine-year-old Paul Carruba of 272 Hillcrest drive escaped with minor injuries March 27 when he ran out into Mission street and was knocked to the ground by a car driven by John P. Chan, 1700 Quint, San Francisco. Mercy Ambulance Service rushed the boy to Kaiser Hospital. He suffered superficial abrasians to knee and left hand. X-rays showed no further injuries.

14 Homes Will Be Cleared in School Project

Condemnation proceedings on 16 parcels of land for expansion of the Woodrow Wilson Elementary School were authorized Monday night by the Jefferson Union Elementary District board of trustees.

Supt. Richard Foster will ask the district attorney to start legal steps to acquire the property which includes 14 homes in the Knowles avenue area.

The fourteen homes will eventually have to be cleared. Total cost of property is $225,000.

Property owners have been notified and will take six months to relocate themselves into new housing. The elementary school district has already purchased six of the sixteen parcels.

After the property is acquired the district will advertise for bids for the purchase of a school site.

The expansion of Woodrow Wilson Elementary school is necessary in order to make up for deficiencies in classroom size and facilities in the old plant which was built in 1945.

M. F. Murray, Jr., 138 Vista Grande avenue, a Daly City police sergeant, complained of a "present injustice" in the appraisal of his home by the school district.

District Supt. Richard Foster said that once condemnation proceedings have started it is the job of a court to determine whether or not a property owner has received a just price for his property or not. The district, he said, can not pay above the highest appraisal.

New Mortuary In Daly City

The new Duggan Serra Mortuary at 50 Westlake avenue, Daly City, located just off Junipero Serra boulevard, two blocks south of Knowles avenue, is now completed and opened to visitors. Edwin J. (Bud) Duggan is owner and operator.

The 15,000 square foot building has two large chapels, a beautiful lobby and several small chapels. It is the newest and most modern establishment in the entire county, Duggan said.

Ample parking facilities are available. The mortuary will serve the San Francisco and North Peninsula area. Exterior is of stucco with tile roof.

Architect is Fred T. Houweling. Builder and general contractor was Robert Ganske. Formal opening will be announced this month.

Man 'Hooked' On Cough Syrup

A 48-year-old Daly City warehouseman was arrested March 30 by Daly City police Sgt. Charles Terry on a charge of obtaining narcotics under false pretenses.

Terry said the man, Francis Gordon of 157 Westlawn avenue, Daly City, admitted to using terpin hydrate and codien elixir, a cough syrup, at the rate of a bottle a day for the past eight months.

He was using a false name to obtain the drug and drank drank 40 bottles since the first of 1963. Officers were alerted to Gordon by a local pharmacy.

Red Hot School Race

Residents will vote on school board members and a special county highway bond issue April 16.

The county school race has been taking much of hte limelight away from local issues. A pro-Rafferty slate of candidates are attempting to gain control of the board in four of five seats up for grabs.

The fifth chair, in South San Francisco, is being contested between recent appointee Mrs. Virginia King and attorney Walter Cappaccollo, who admits he is in agreement with Rafferty's ideas.

The incumbents, Mrs. Florence Cadigan, Mrs. Nora S. Evans, Mrs. Virginia J. King, Thomas Needham and Perry E. West, have decided they cannot run as individuals and have united against the attacks of the opposition.

Their opponents, Mrs. Lois F. Notaro, Mrs. Edythe Bielenberg, Dr. Frank R. Arnold and David H. Keystone, have charged that the board is not independent but depends on County Superintendent James R. Tormey to speak for it.

Joint Statement

The incumbents issued this joint statement: "Faced with a self-styled slate of candidates, which has ruthlessly attacked the educational program carried on in the elementary schools of the county, the present board members, now up for election, have united."

Tormey, who has submitted his resignation, recently issued a "truth" bulletin refuting charges of the pro-Rafferty group. Tormey, who said he was asked to take a stand said "One of the most important promises I have made and tried to keep is to see that the people of the county are informed as to the truth, the whole truth and nothing but the truth, about what is going on in the schools which they financially support and to which they send their children."

Lashes Out

Tormey lashed out at campaign declarations of the pro-Rafferty group including charges he had been stacking his board with yes men.

Mrs. Lois Notaro of San Mateo, a candidate in Area 4, said Mr. Tormey has set himself up as a "one man truth squad and his insinuations of untruths only confirms my opinion that he is actually the spokesman for his appointive rubber stamp board."

The board's statement continued:

No Dispute

There is no apparent dispute between the two "slates" as to the importance of teach-

Daniel Webster Teacher Leaving Soon for Italy

Thomas Notaro, fourth grade teacher at Daniel Webster School, has been chosen as leader for one of the one hundred thirty groups leaving the United States this summer under the auspices of The Experiment in International Living.

The experiment is a non-profit organization which aims to create mutual understanding and respect among people of different nations, thereby futhering international understanding. It is subsidized by the United States government, the Ford Foundation and the Fullbright Fund.

Notaro attended a 3-day conference at Asilomar as part of the leaders' training program and attended by all potential leaders. Each leader this summer will be assigned ten American students ranging from high school through college age. Countries to be visited with each group to a single country are Austria, Greece, Japan, Holland, Italy, Poland, Germany, France, Great Britain Mexico, Denmark, Sweden, Switzerland, and Spain. The unique feature of The Experiment is that each student will be living as a member of a native family for one month in the particular country visited.

Each group will then tour the country with one member of each of the families acting as hosts to the students. The opportunity for individual travel is also offered at the end of the stay. Students either study and travel on scholarships or pay their own way.

Notaro will lead one of the groups to Italy, departing from New York June 27 on the Aurelia, and Italian student boat. He will conduct orientation aboard ship which will be assigned in a few weeks.

The group will return by chartered plane August 29, after having spent fifty-three days aboard. Mr. Notaro will return home a week later. In 1963, Italy will sent seven groups to the U. S., have 30 individual home placements and 15 ambassadors. The students will be sent on scholarships by interested groups such as churches or fraternal organizations.

An interesting sidelight is that Sargeant Shriver, head of the Peace Corps was a former leader.

Cow Palace Board Against Change -- Hupf

Paul Hupf,, city attorney for Daly City, told the Bayshore City Citizens Committe he saw no reason why the Cow Palace Board of Directors and San Francisco Board of Supervisors had to protest the annexation of Cow Palace lands to the City of Daly City.

The Cow Palace is operated independently of Daly City, he said.

"If they want to call it the San Francisco Cow Palace I don't suppose they shouldn't. He said it was the same as San Franciscans calling the International Airport in San Mateo County the San Francisco Airport.

"I can't conceive of a real true reason why the board doesn't want to come into this district," he said. "I think they are against change. I think that's all it boils down to."

"No one has ventured a valid reason. Can they legally exclude themselves? I don't see how they can unless they file a protest."

The Board of Directors of the Cow Palace, he said, "does not live here,,"

Hupf added that "I think they want to show they will not accept any district in this matter."

Jeff District Considers Salary Hike

By DONALD DOE

The Jefferson Union High School District Board Meeting heard the annual report of the Teacher's Association, finding its request of a seven percent salary increase reasonable. Found rather less reasonable, however, was the fact that the Roberts Construction Co. has notified the board that it will again fail to meet the thrice extended completion date for Jefferson High School.

A meeting of the board with the Roberts Company will be held on April 8. Superintendent Morgan expressed general dissatisfaction in an interview following the meeting, stating that the situation has become urgent as much equiptment must be removed from the present building for installation in the new facility, before the former's demolition, due to begin on June 19.

Concerning the Teacher's Association's request, Morgan stressed the fact that prior to its compillation, the Association conferred with the Administration, and became conversant with the financial abilities of the district. The plan, calling for an additional 162,000 dollars not only falls within the economic capacity of the district, but also can be fully supported by the present tax structure and is coincident with the present system of allocation of state monies.

Morgan pointed out that, while the 7 percent appears to be a very large increace, the teachers of the Jefferson district have been under the same schedule for two years while surrounding districts have, in the past year, increased their salaries between four and five percent. The requested increase, now under consideration by the board, would only make the salaries competetive, not lucrative Morgan stated.

The Teachers' Association demonstrated with several charts that the increase places the teachers just within the lowest salary levels of most professions. Additionally, charts were provided placing salaries in relation to the cost of purchasing a home in San Mateo County. These figures revealed that the faculty of the school district qualify by slender margins for ownership, considering the requisite income for financing a home. Details of Oceana's second increamen, scheduled to cost $1,468,000 were also discussed. This addition will bring the enrollment capacity of Oceana from the present 888 students to 1532, and will include 14 classrooms, 2 business education rooms, a cafeteria, 2 science rooms, additions to the gym and other specialized instruction facilities. Construction is programed to begin this fall and to be completed by the fall of 1964.

Terra Nova's second phase of construction also was discussed, the plans calling for building to begin this June. The cost will be approximately $1,109,000, with the addition increasing the capacity of Terra Nova from 900 students to 1530. All district high schools, except Jefferson, are planned to finally house 2000 students.

The Laguna Salada resolution was unamously rejected in the final action of the board. Superintendent Morgan stated that the rejection reinforces the boards earlier statement that it would oppose any effort to break up the district as it now stands. Morgan stated further that the Jefferson Union High School Board will recommend at the augmented board meeting that due to the impasse the state should be requested to review the matter of unifing the district.

ing fundamentals. The county course of study, adopted by the county board of education, and prepared and used by all our elementary dist ricts, would seem ample evidence of this."

"Since 1956, we have been tightening and toughening the curriculum, This is not new or just a political maneuver. We are teaching the basic fundamentals—the three R's, geography, history, civics, phonics, etc.

"Disagreement between the two groups of candidates seems to rest on the one hand on a lack of information of what is actually being done in the schools of the county, and on the other, a lack of understanding of the duties of the county board and this county board in particular.

"The philosophy of the San Mateo county board, since its inception as an elected lay board in 1956, has been that the local district is the most important unit in the educational system and that the county board's duty is to strengthen the local district where the actual education takes place. It is the board's policy to keep politics out of the schools and not to dictate to the local boards."

Important basic powers of the county boards are responsibility for prescribing a course of study in the elementary schools, for approving supplementary textbooks for the same districts, and for acting as a sort of court for certain disagreements between districts or between parents and districts as well as power of certifying teachers.

Oppose Amendment

In another county school matter, the Democratic Central Committee has issued a resolution opposing passage of charter amendment "A" on the ballot. It provides for an appointed county superintendent. The Democrats are asking that the election of county board members be by district vote instead of the present at large ballot casting.

The Democrats charge that the present system gives the incumbents a "grossly unfair advantage."

Foregn Convo Helps Inspire World Friendship

Inspired by the suggestions, impressions, and even the very presence of five foreign exchange students, delegates to the foreign exchange conference at South San Francisco High School returned to Westmoor High School with club plans and a better understanding of world friendship.

Sponsored by the International Friendship Club of South City High, the conference on Saturday, March 23, included advisors, foreign students, returnees, and student representatives from 11 Bay Area high schools.

Delegates were welcomed at 10 a. m. by the club's president, Charlie Soendjasmono of Indonesia. First on the agenda was a general meeting, followed by a film showing how CARE came to a tiny Mexican village.

Small discussion groups were next, with individual meetings for each of the four groups. While advisors discussed their role in the foreign exchange program, student representatives were concerned with promotion and fun raising in the school. Exchange students from India, Indonesia, the Philippines, Sweden and Switzerland met to share their difficulties and adjustments in a foreign country; the returnees were concerned with sharing their experiences with the school and the community.

Lunch in the cafeteria was followed by unique entertainment — a teen-age comedian and a native Indonesian dance. Delegates then divided again for discussion groups and later a general meeting was called so that the group secretaries could report on each discussion.

The conference ended at 3 o'clock on the theme "How Youth Can Promote World Understanding."

Delegates from Westmoor High School were Hartley Appleton, Helena Frisell, Evelyn Goodell, Pamela Morgan, Sherry Rosen, Marilyn Wagner and Linda Wallace. Advisers were Mrs. Lois McNab and Selwyn Jones.

The first baby born in the White House was James Madison Randolph, grandson of Thomas Jefferson, born on January 17, 1806.

Boy Scout Executive Presents Eagle Awards

Harvey Price, Scout Executive of San Francisco Council, Boy Scouts of America, presented two members of Troop 343 with Eagle Awards at the High Court of Honor at Thomas Edison School in Westlake, March 19.

These boys attend Benjamin Franklin School, are top students and active in school activities.

Steve Sale is Senior Patrol leader and Steve Douglas is assistant senior patrol leader of Troop 343, one of the most active troops in the Westlake area. They began their scouting careers early in 1960 and have continued to advance in rank as well as assisting others boys to move ahead in scouting. They are members of the Order of the Arrow, an organization of young men with exceptional camping and leadership abilities.

Frank Beukers is scoutmaster of Troop 343.

Red Cross Health Talks In Pacifica

Fitness for the Future, a discussion course designed to help individuals over 35 develop outlooks and habits which will best equip them to maintain the highest level of health during the second half of their lives will be sponsored starting Monday, April 29, by the Federated Women's Clubs of Pacifica at the Red Cross regional office, 600 Palmetto avenue, Pacifica from 12:30 to 2:30 p.m.

The course will run for four consecutive Mondays with Mrs. Mrs. Joann Duckworth,, R.N., assistant director for nursing services for the Golden Gate Chapter of Red Cross, as moderator. Arrangements for the course have been made through the Federated Women's Clubs of Pacifica by Mrs. Harold Feyge, gerontology chairman, and Mrs. Frederick Balleu, president.

Enrollment is limited to 30 in order to keep the group small enough for full participation by all group members in discussion.

Course content will include living healthfully, living wisely, and living safely, and living leisurely. The final session includes discussion of the changing role of the older person and suggests some ways in which adjustment may be made. Emphasis is placed upon constructive use of leisure time and of community facilities. The charge from active to retired living is discussed thoroughly, according to Mrs. Feyge.

Advance enrollment for the course may be made by calling the Coastside Red Cross headquarters, 355-4194. There is no charge for the course.

Second Graders Learn Respiration

The school nurse, Miss Joann Greene, followed up the film by demonstrating this life saving method on a plastic model in each classroom.

Student Art Show Now at City Hall

Art students at South San Francisco High will be given a chance to show their art work at the first of three scheduled art shows at South San Francisco City Hall. The exhibit will run from April 22 until May 10. Awards will be presented for the best entry in each catagory.

A preliminary exhibit will be held from April 16 to 19 in the foyer of the high school auditorium under the supervision of a student group headed by Nancy Marcoux. The auditorium will be open during both lunches during the show.

Catagories include: Drawing, Oil painting, Design, Commercial art, Prints, and Ceramics and crafts. Judges will select the best work in each catagory and twenty will be selected for the City Hall showing.

At the City Hall members of the South San Francisco Art Commission and City Council will select a first prize winner. A ribbon and bond will go to the winner, and the picture will be purchased by the commission. The winning South City entry will have the distinction of being the first picture purchased by the city for a permanent art collection.

A cultural center is being planned by the city for the exhibition of local art. Items bought at these shows will go towards a collection to be shown at this center and at City Hall.

Supervision during the exhibit will be carried out by Mrs. Hering, Gene Kubley and Donald Stupfel, all art teachers at South San Francisco High School.

Friday Night Fun Planned

The Ben Franklin area junior high teen clubs, Westlake Swingers, Roof Raisers and Telstars have scheduled an extra evening of teen club activities for this Friday night from 7 to 9 o'clock.

These clubs sponsored by the Daly City Recreation Department were originally scheduled to meet Good Friday, thus the change to the earlier date.

The Westlake Swingers which meet at the Westlake Clubhouse have planned a rollerskating party for that evening at Skateland. Cars loaded with members and guests will leave the clubhouse at 7 p.m. for the fun filled evening. Additional details are available from club adviser, John Williams, at the clubhouse.

Students See Tom Ewell Hit

The junior and senior English classes of Terra Nova enjoyed an afternoon on March 27. They went to see the new hit comedy, "Take Her, She's Mine," starring Tom Ewell, which is currently playing at the Curran Theater in San Francisco.

The group consisted of about 50 students and they were chaperoned by Mrs. Nelson of the English department and Mr. Whalen from the music department. The play was quite funny and everyone enjoyed himself.

Sign Up For Coed Volleyball Deadline Friday

Friday is the deadline for entries to the First Annual High School Co-Ed Volleyball Tournament to be sponsored by the Daly City Recreation Department during Easter Vacation.

Play in this tournament, open to all Daly City-Colma high school aged youth, is slated for Monday and Tuesday nights in both the Westmoor High and War Memorial Community Center gyms with the tournament finals and dance to be held Wednesday at the latter facility. Round robin play will start at 6:30 p.m. both of the first two nights with all teams scheduled to play at least six matches each. The top two qualifiers in each division will enter Wednesday's single elimination tournament to decide the championship.

All youth groups within the community are urged to enter teams as well as individual youth who are welcome to organize their own teams for play in the tournament.

The 35c entry fee per player covers the cost of trophies and admission to the after tournament dance. Team trophies will be awarded to the top three teams and all team members will receive ribbons.

Entry blanks and additional information is available from the Recreation Department offices in the War Memorial Building and at the Westlake Park Clubhouse on Lake Merced Blvd.

Civics Students Listen to Tapes

Reaching beyond the objective study of their country's government, Westmoor High School civis students, under the instruction of Mrs. Ruth Blake heard recent tapes last week supplementary to their course.

Taped from broadcasts of radio station KPFA, the two-hour recordings of hearings of the House Un-American Activities Subcommittee gave students an eye-opening picture of the result of fear of communism.

Many students in discussing the tapes stated that the fear had led government committeemen to the extreme right, often forgetting their country's own doctrine of "innocent until proven guilty" in their persecution of people from the business to the entertainment worlds.

Teen Clubs Plan Easter Activities

The junior high teen clubs meeting east of Junipero Serra Blvd.—Imperials, Majestics and Casualiers are looking to an Easter Vacation period of special activities.

The Imperials which meet at the War Memorial Community Center are planning an all Colma Junior Teen Club area dance for members and their guests, Saturday, April 6, at the War Memorial Building. Time of the dance is from 7 to 9:30 p.m. and will feature dance contests, games and special refreshments. Dress is casual school clothes and the admission is 25c and a membership card.

On the Monday night of Easter Vacation, April 8, the Casualiers have slated a roller-skating party for all three eastside clubs. Cars will leave from the three meeting sites of the clubs at 7:30 p.m. for the 8 to 10 p.m. fun time at Skateland-at-the Beach.

Permission slips for the activity were distributed at teen club meetings and are available at Colma School. Admission to the rollerskating party will be 50c for members and 65c for guests.

Workshop for Recreation Leadership

Through the sponsorship of the Pacifica, park, beach and recreation department, high school students interested in summer employment as a recreation leader will have an opportunity to gain skills and knowledge by attending the Easter Vacation Junior Leader Workshop.

The workshop will be held at the Pacifica city hall from 1 to 4 p.m. daily, beginning Monday, April 8.

Participants will be groomed for positions of junior recreation leaders for the summer playground program. Applicants will be selected for employment from those attending the workshop.

Topics to be discussed and analyzed will be:

Recreation — defined and analyzed; general playground program; story telling; crafts; care of equipment; active and quiet games; singing; relays; policies and procedures; program ideas, and special events and evaluations.

Anyone wishing to attend the worshop should register at the recreation department, 170 Santa Maria avenue, Pacifica (phone FL 5-4151).

Seventy Girls Enjoy Dinner; Plan Car Wash

March 3 was the date of the Westlake Girls' Club successful spaghetti feed.

The girls served a delicious meal which consisted of garbonzo beans, carrot sticks, green onions, tossed green salad, spaghetti, and garlic bread to a crowd of about 70 people.

Ice cream slices with a piece of Dentyne chewing gum topped off the gourmet's delight and cancelled the garlic "'aroma."

The "Collegiates" are very happy with their dinner and it appeared that the guests had an enjoyable time. Since their first money making activity this year was so successful the girls sincerely hope that their 99c car wash on April 6-7 will be just as profitable.

The "Collegiates" want to thank all those who have supported the club.

They invite everyone—whether you own a 1963 or a 1920 car—to come to their 99c car wash at Toscanini's Union Service at 6989 Mission Street on April 6 and April 7.

SSF Senior Wins National Honor

Rodger H. Magill, senior at South San Francisco High School, has won the 1963 Quill and Scroll National Journalistic writing contest in the feature writing division.

Rodger was awarded the gold Quill and Scroll National Award for his column, "Student On the Go," in the South San Francisco school newspaper. The article featured a student planning to become a mortician.

By winning the contest, he will be eligible for a $500 scholarship to any college offering a major in journalism.

Purpose of the awards, according to Stanford Smith, general manager of the American Newspaper Publishers Association, is to encourage the improvement of the quality of writing in school newspapers, to stress the importance of accurate reporting and interpretation of news and events, and to emphasize the duties and responsibilities of those electing jouranism as a career.

The contest was comprised of four divisions: Editorial, news story, advertisement, and feature story.

Rodger is a member of the newspaper staff at South San Francisco High School. and a member of the Quill and Scroll Society, the California Scholarship Federation and the Spanish Club. He is also editor of his class newspaper.

"I was very surprised to find out that I had won the "for I had no idea of winning when I entered. This has inspired me to continue in this field of study."

Rodger plans to further his education in the field of science writing.

HIGH SCHOOL MODELS Six girls from South San Francisco High School are pictured here modeling garments made in clothing classes. They are: Pat Magee, Pam Ayers, Joanne Price, Linn DelGrand, Maria Cavalieri, and Judy Hoffner. The girls are preparing for "Easter with Color," a fashion show to be presented April 4.

A Foreign Student For Terra Nova HS

On March 26, Terra Nova was introduced to the American Field Service at an assembly.

Terra Nova is planning to bring a foreign student here next year. In order to do this the school must raise $700. Committees have been organized and activities planned to raise this money.

At the assembly, foreign students from the Phillipines, Norway, Sweden, and Indonesia, who are going to schools in this area were introduced to the student body by Mrs. Kottingham, head of the A.F.S. in this area.

Also introduced was a girl from Capuchino who spent last year in New Zealand, a girl from Westmoor who may spend next year abroad if she qualifies in the final competition, and a boy from South San Francisco who has done a lot of work with the A.F.S.

The program consisted of a question and answer session on American life. The foreign students answered such questions as, "What was your funniest experience in America?" put by the American students.

Attend Art Exhibit

The afternoon kindergarten at Olympic School attended the Youth Art Exhibit at the Community Memorial, Thursday, March 28, with their teacher Miss L. Paccagnella and two mothers, Mrs. Kenneth Maurer and Mrs. Harold Mahan.

The children saw the many beautiful works of art created by other children from kindergarten to 12th grade in addition to their contributions to the exhibit.

Easter Egg Hunt Plans Underway

Plans are underway for the Daly City Recreation department's annual Easter Egg Hunt. This yearly event draws thousands of youngsters to the various sites where the hunts are held.

This year, Charles E. Vincent, recreation director, announced that the hunts would be held in more facilities than ever before. This increase in sites will enable more children to enjoy this annual event.

The Recreation Department hopes to hold hunts on all school sites where playground programs are currently held, as well as in Westlake and Marchbanks Park.

The aid of parents in conducting the hunts is being sought. Any parent interested in helping the children enjoy this Easter tradition should contact the Recreation Leader in their neighborhood for information.

EMINENT ARTIST — Pacificans had the opportunity March 11 to hear Lucienne Bloch, artist, sculptor and authoress at Oceana High School. Miss Bloch, a resident of Mill Valley, spoke as a guest of the Art Guild of Pacifica. She delighted a large audience with her ideas for the development of artists and art organizations.

Cassius Recieves Poetic Justice

By Don Doe

New Haven—Cassius Clay, whose inability to predict his latest opponetns demise in loose iambic pentameter unleashed scorn and derision from less poetic sports writers, has finally received his due. Not from the boxing experts, but from the literate at that, Yale University's literary magzine has bequeathed Cassius with an award for contributing to the vitality of modern verse. This is a singularly apropos gonfallon for the Clay encampment.

London Times critic Jackson Woodilly stated in a recent review of Clay's verse that it "espoused a definitive concept of the individual, while simultaneously denying the validity of mass analysis." Critic Woodilly concluded with the suggestion that "Clay's fistic endeavors merely provided the metaphor" for his poetry.

Clay, on being interviewed, said that "this honor is, like all awards of this nature, basically a subjective statement. If the sons of Eli Yale deem my poor attempts at social comment worthy, who am I, poor poet, to disclaim their findings?"

In a round-table discussion that was headed by writers from Yale, Brown Harvard and Whitewater College, debate revolved around the poets relation to society. It was agreed that Cassius Clay's verse, replete as is with daprecatory presage, constitutes a clearly relevent social critique. His recent poem concerning the outcome of the Patterson-Liston fight was cited as a case in point.

The discussion group also dealt with the recent national drive to eradicate professional boxing. This was viewed with an effort to be consistant with Clay's approach to mass opinion. The representative from Brown reseived unanimous support for his statement that "Within the drive to eliminate boxing is a thinly vieled attempt to control art in its various forms in this country. To outlaw boxing would be to condemm James Montgomery Flagg's painting, would be to strike out against literature, would be, indeed, to crush the poetic spirit of youth. To award Cassius Clay is to stand firm for artistic expression-perhaps for American Individualism."

Ram's Depth Spikes Jeff

In weather that could be politely described as terrible, the Westmoor tracksters defeated the Jeff Indians last Friday 61½ to 50½. In taking the first NPL dual meet the Rams fought 20 mph winds, damp low temperatures and a Jeff squad that proved every bit as inclement as the weather, taking 6 out of 13 firsts and a half of the second place finishes.

Westmoor soph Pettit won the 120 yard high hurdles in the dismal time of 17.3 seconds, a second and a half over his best clocking, running into a wind that had been honed by Gillette. The very versatile Jeff trackster, Gottelli finished second, ahead of the Ram's Larson. Pettit then won the 180 low hurdles in 22.2 with teammate Green finishing second. Gottelli took third.

Apparently annoyed by merely placing in the hurdles, Gottelli launched himself into the 20 mph breeze to win the broad jump with a 19 feet, five inch effort. Of all people to jump 19 feet four inches—who would suggest Pettit. Third was Siegal, also of Westmoor.

In spite of appearances to the contrary, both the Rams and the Jeffs do have other competitors on their teams. Westmoor, for instance, has a lad named Pinelli. Pinelli has a thing about losing—he doesn't. One could have driven a truck through the gap between him and Jefferson's Farrell at the finish in the 100 yard dash. Yeadon took third for Westmoor. Pinelli emphasized the point by winning the 220 in 24.4 seconds, a mite slower than his best time of 21.8. Jefferson took second and third due to the efforts of Stevens and Coffare, both of whom are also cases in point.

Stevens won the 440 in 53.4 while Coffaro took the 880 in 2:04.6. The Indians have another rather selfish trackster, Woller, who devotes his efforts to the discus and shot. Woller won the former in fine style, heaving the disc 154 feet, 9½ inches, then took the shot put with a toss of 51 feet.

The high jump and pole vault saw ties knot the scoring. Willis and Kelly tied at 5-8 in the high jump, with Willis receiving first place for Jeff due to fewer misses. Westmoor's Ellis took the pole vault at 10-6, with Cox of Jefferson and Gurner of Westmoor tieing at 10 feet.

The mile, according to winning coach Herkenrath, was the most exciting race of the day. The Rams' Beukers, running against the Jeffs cross country star Martinez exchanged the lead eight times, winning in the good time of 4:41.7.

The Jeff B's, definitely the class of the league, romped over their Ram counterparts, 65-47. Outstanding marks for the winners were registered in the pole vault, with Anderson clearing 11 feet. Bulatoa turned 14.1 in the 120 yard low hurdles and took the broad jump at 18-9.

Westmoor ruled the C level competition, completeing a 50-½ - 34½ win. Ram coach Herkenrath stated that their next meet, facing South iCty, should go all the way to the 880 relay, a race they took from SSF by two inches in the NPL relays.

Jefferson should have little trouble with El Camino, a team that is hampered by a lack of experience and an absence of any seniors.

Terra Nova faces Oceana, which has a good runner in Bill Skrifvars. This middle distance man has turned the 440 in 52 flat and the 880 in 2:03, but unfortunately hasn't got a chance of winning the half-mile race. That isn't because Skrifvars can't run. It's because Terra Nova has a speed merchant named Dan Vincent, who was the fourth ranked 2 miler in the nation and has run, without being pressed, the 880 in 1:59.5. Terra Nova doesn't have a Pinelli, but they do have five sprinters that can turn a 10.4 hundred.

Ron Landerman, the Tiger track coach, is expecting an answer to Pinelli any minute, though, in the form of Cliff Wiseman. This sprinter, a freshman, has turned the 73 yard dash in 8 flat, and is touted as the best sprinter Terra Nova has ever had.

Landerman, incidentally, has become an executive, in his own words: "I just wander around out there." He adds that three-fourths of his success belongs to Al Figone, the coach for sprinters and weight men. Terra Nova took second place in weight events in the NPL Relays, while their sprinters outran everyone. The Oceana meet should be a showcase for Mr. Figone's coaching skills.

FLYING HIGH—John Kelly of Westmoor jumping at 5.8. He missed this try, but cleared the bar in his next effort to tie Steve Willis of the Indians. Kelly had to acept second place in the scoring, however, as Willis had fewer misses.

THEY'RE OFF — The start of the 100 yard dash at the recent meet at Westmoor, between the Rams and Indians. The Rams' ace sprinter Pinelli Middle won in a stiff wind, clocking 10.7.

Warriors Win Title Splash

South San Francisco won the first race of the afternoon by one tenth of a second, and thus won the first NPL swimming championship as they churned to the narrowest of victories over Jefferson, 48-47.

The Warriors won the 200 yard medley relay in the lowest NPL time of the year, 2:01.9 to elipse the Jeffs who clocked a 2:02 flat. South City came up with two double winners in Shelton and Soals, these two swimmers accounting for nearly half of the Warrior team total score.

Shelton, who also swam on the winning relay team, took the 20 yard freestyle in 2:14.3 and the 100 yard butterfly in 1:08.8. Soals won the 200 individual medley in 2:39.1 and the 100 yard backstroke in 1:11.8. The Jefferson mermen had a double winner in Larry Ahuna, who won the 50 yard fre ein 25.6 and then took the 100 yard free in 1:00.8.

Dunlop of SSF won both the diving competition and the 100 yard breaststroke, winning in the time of 1:15.7.

Jeferson's Jim Iversen lead the B's to revenge, as they defeated the Warriors 49-28. Iversen, a freshman, won the 100 freestyle, was a part of the winning free relay, and set a school record in the 200 yard free with a 2:27 flat clocking, thus elipsing the old record of 2:31.9 by nearly five seconds.

Sumary: South San Francisco 48, Jefferson 47. Medley Relay-SSF 2:01.9; 200 yard free-Shelton (SSF), Goodin (J), Willoughby (J), 2:14.3; 50 yard free-Ahuna (J), Belli (SSF), Hillman (J), 25.6; 200 yard individual medley-Soals (SSF), Figoni (J), Jenkins (J), 2:39.1; Diving, Dunlop (SSF), Pizzarro (J), Papke (J); 100 yard fly-Shelton (SSF) Jenkins (J), Martin (SSF), 1:08.8; 100 yard free-Ahuna (SSF), Hillman (SF), Weiss (J),1:00.8; 100 yard back-Soals (SSF), Belli (SSF), Wallace (J) 1:11.8; 400 yard free-Goodin (J), Wortenberg (SSF), Runge (J), 5:26.2; 100 yard breast-Dunlop (SSF), Magness (J), Dettmer (J), 1:15.7; free relay Jefferson 1:47.7.

PAL'S Last War: Coaches, 121; All Stars, 92

On Tuesday, March 19, the Daly City PAL Coaches played the Daly City PAL All-Stars in a basketball game at the Daly City Memorial Gym. The All-Stars were from the 8th grade PAL teams and wer termed the "Tots" and the coaches of the PAL were the "Trotters." The quarters were 20 minutes running time and a big score was compiled. For the All-Stars, Keith Stoller's sharp outside shooting and the good driving lay-ins by Mark and Mat DeBerhardi and John Kirby actually told the story for the Al-Stars. The coaches were led by "Earthquake" Pedroni with some unbelieveable one-handed shots. This climaxed the end of the basketball season for the PAL and the end of the PAL teams for all the eighth graders, for they are finished upon graduation this year.

Begonias

The gardener who would grow tuberous begonias has two choices in regards to planting them. He can start tubers now in flats of peat and leaf mold, or he can wait to plant seedlings which don't show up in C.A.N. nurseries until later. If you start from tubers, keep them in a sheltered place until they are about three inchase high, then transplant them into pots or directly into the ground. In no case, set them out in the open until all danger of frost is past.

Serra Bowl News

Steve Nagy, national bowling champion and member of the Brunswick advisory staff, met his match last week at Serra Bowl when he was defeated by two housewives in a special exhibition contest.

June Lehr and Evelyn Smith, winners of the recent "Beat Steve Nagy" tournament for ladies in the afternoon program, joined forces to combine two 1 game totals in an effort to defeat Steve's single stanza. To keep the match even, Nagy was afforded a 2/3 handicap based on the difference between his 210 league average and their 265 combined averages.

When the smoke cleared uJne had rolled a 144 tally and Evelyn came in with a 118 score. Steve, obviously not in his top form, scored only 2 strikes in his game and closed with a 158 which, with his 37 pin handicap, gave him a 195 total. Chalk up another victory for the girls in this "man's" world.

Steve proved to be in finer fettle in later matches. At 8 p.m. Thursday he faced three Serra stars from the evening league. Nagy bowled a 2 game elimination against Gary Gil, high-game record holder with 299, Jim Moyle, who rolled a 298 last year, and George Cherolis who won the men's division of the "Beat Nagy" action; the winner to bowl Nagy solo. The Box Score:

Steve Nagy: 235, 181 - 416.
Gary Gil: 149, 137 - 286.
Jim Moyle 199, 154 - 353.
Geo. Cherolis 221, 189 - 410.

In the later match Steve tossed 172, 224 for a 396 total to down Cherolis who posted games of 171 and 170 for a 341 effort.

After the match Nagy passed out the trophies donated by Serra Bowl to all of the guys and gals who competed against him. If attendance is the ruler against which the success of Steve Nagy's appearance here is to be judged, the evening must be counted an overwhelming triumph as the spectators overflowed into the parking lot trying to get a glimpse of this great star.

The Serra Jr. match team took the second half of a home - and - home challenge from Kings Bowl last week. After a 159 total pin win at Serra the kids journeyed to Kings and wrapped up the match for keeps. The Box Score:

Serra Bowl: 892, 805, 910 total - 2,607.

Kings Bowl: 805, 842,, 863 total - 2,510.

Bob Doyle, 169 average anchor man, led the Serra lads with a handsome 610 series on games of 206, 191 and 213. For the losers Bob Schwerin and Dave Albert both registered a fine 556 series to no avail.

Warriors Split Two Matches For Tenth Win

The South San Francisco Tennis team split two matches this past week. They received their second defeat of the season at the hands of perennial champion Burlingame 6-1. Only Rich Mozzini was able to win against Burlingame by scores of 6-2, 6-3.

The Warriors then bounced back against the San Mateo High Bulldogs defeating them for the first time in many years by a crushing 7-0 score. Winning for the Warriors was Escallier 6-4, 7-5, Eskelsen 6-1, 6-0, Louie 6-0, 6-0, Mozzini 6-0, 6-1, and Megna in singles while the doubles teams of Durham and Ellsworth and Dong and Sallaberry picked up the final two points.

This was the tenth victory of the season for the Warriors against ten different teams. The Warriors have only been defeated twice. Once by Mills, 5-2 and above mentioned Burlingame, 6-1.

The average-size family in the United States is 3.65 persons.

Private David D. Staub of 386 Eastmoor avenue, Daly City, last week was selected to race in the All-Army five-man bicycle squad following elimination trials held in Los Angeles. He will be in Miami on Easter Sunday and go from there to the Pan American games in Brazil.

Staug completed high school at Lincoln High in San Francisco and traveled through Europe by bicycle. The 23-year-old soldier plans to become an architectural engineer. He is presently attached to the U. S. Army Personnel Center Transient Company at Oakland Army Terminal. He won a silver medal in the Pan American games in 1959.

Local Knights of Pythias Back Sea Scouts Race

The Navigator, the winning boat and one of three whaleboats used by 45 Sea Scouts in a rowing race this month from Aquatic Park in San Francisco to Crocket in the Carquinez Straits and back, was sponsored by the Daly City Lodge No. 45 of the Knights of Pythias.

Two 30-foot whaleboats made it in less than 14 hours, San Francisco Sea Scout director Clyde Pearson said the 50-mile trip was something to keep some of "our kids busy before our racing season starts.

The Viking, a 26-footer, ran into a stiff flood tide on the return trip through San Pablo Bay and was towed in off Pinole Point.

A LITTLE LUNACY preceded Steve Nagy's presentation of trophies at his recent appearance at Serra Bowl. In the lower picture, Nagy bowled one ball for the ten pin while June Lehr shot for the seven pin — she got the spart.

Tennis Clinic Is Successful

The tennis clinic which was co-sponsored by the Jefferson Elementary School District and the Benjamin Franklin Recreation Department closed on a very sucessful note last Saturday with over 60 youngsters finally getting a chance to put into practice on the tennis courts what they had been covering for the past four Saturdays in the schools multi-useroom. They were driven indoors because of the inclement weather.

We would like to thank The Youth Tennis Foundation of San Francisco for providing us with the leadership in the person of Tom Conlon who taught the youngsters th forehand, backhand, strokes and the serve. We would also like to thank the teachers and parents who donated their time to assist Tom Conlon with his instructions eac hweek.

We are happy to announce that there will be a director on duty on the tennis courts from 10 to noon for the following few Saturadys to assist any youngsters who may want additional help with the fundamentals of tennis. Also rackets and tennis balls will be available for the youngsters use.

It's SPARE TIME

at Westlake Bowl

By JIM GREALISH

Virginia Lund showed the male bowlers that the Gold Coast Classic is not strictly a "men's world" as she rolled a big 600 series during the first week of Tournament play. Shooting a tremendous 241 first game, she followed it with games of 160 and 187 for a 588 scratch total which, with her 72 pin handicap, gave her a 660 total. Over two hundred bowlers competed during the first week of the Tournament which runs until June 2. With an entry fee of only $4.25, over $10,000 in cash prizes was awarded last year.

Bill Baroni had a "double-header" at Westlake last week. Bowling in the Brunswick Travel League in the morning he "warmed up" with a 234 game and 666 series, then returned in the evening with the 915 All-Star League to shoot a tremendous 289 game and 651 series. Other high rollers in the All-Star group were Rich Kindervag 651, Chris Perini 640, Steve Bonnuccelli 632, Glen uBtcher 626 and Al Gonsalvez 613.

In the St. Emydius Mothers' Guild League on Tuesday morning,, Marilyn Kretz and Aldean Kennedy shared top honors as Marilyn rolled a 168 high game and Aldean had a high series of 438, also converting the 5-7 split. Roz Kiep was the other split-converter, picking up the 5-10.

Two teams are now eligible to compete for the right to represent Westlake in the Champion of Champions Tournament on Sunday, May 5. By winning their respective leagues, the McDougall Press team in the 915 All-Stars and the O'Connor Rug team in the Ball and Chain Mixed Fives will represent their leagues in the rolloffs.

Ray Fisher continues his winning way. He and Pat teamed to win the $200 first prize in the Class "A" Doubles of the San Francisco Bowling Association 28th Annual City Tournament, then last week he led the Golden Gate Handicap with a 233 game and 503 series.

Three of the Westlake ladies teams are busily preparing for the June 8-9 finals of the Northern California Ladies' Team Handicap Tournament. Three of the six teams qualifying for the Finals are Westlake Bowlers who will be competing for the $1,000 first prize and $1,775 in five other prizes. Local teams and captains are Cardinal Electric with Captain Nellie Witt, Addo-X with Captain Flo Bertsch and The Bombers with Captain Bonnie Birkett.

Barbara Castronove took both high game and high series honors as she rolled a 178 game and 486 series to lead the Tuesday morning YWCA League. Maureen Cano led the split converters by picking up the 5-8-10 split.

Thursday is Ladies Day as the monthly YWCA Fashion Show will feature hats. Reservations at $2 each may be made by calling PL 6-7370.

Tuesday night found six hundred series rather common as Cass Castiglioni of the Southgate Mixed Fives led the parade with a 660 series on a high game of 255. Mercedes Johnson set a record for the ladies as she shot games of 226-202 and 196 for a terrific 624 series in the Ladies 800 Classic. A great 267 game paved the way for Ray Moisto to lead the Early Fives with a 657 series while Hannon Chan topped the Standard Oil men with 222 and 613. To climax the evening were two efforts in the American Masters. John Schmidt with 215-618 and Dave Lorin with 224 and 607.

Next Saturday is "Bunny Hop" night at Westlake as a combination No-Tap Gold Coast squad will bowl at 7 p. m., followed by dancing to Angie Ferrigno's combo at 9 p. m. and a buffet at 11 p.m.

STRETCHING OUT — Pettit and Gotelli (center) of Westmoor and Jefferson begin to pull away at the first hurdle in the 120 yard highs. Pettit won the wind slowed event, Gotelli placing second.

Students See Tom Ewell Hit Local Music

Music is an important ingredient of **Wonderful Town**, the spring musical at South San Francisco High School. Robert Tharp, musical director, maintains that the music is challenging and difficult but will be enjoyable to present. "I feel that the score is difficult because of unusual key and tempo changes. But I'm confident that we can handle it opening night," he said.

The musical score is being studied by the dance band, which will provide the accompaniment to the production. The play features over eight separate musical scores written by Leonard Bernstein.

One number, "Cause I could pass that football," tells of an off-season football pro and his memories of his college success which was due to his athletic ability. This will be done by Mike Lowe, playing "Wreck." Perhaps the livliest routine in the show is the "Congo." Wana Dowell, playing "Ruth," meets a group of Brazilian sailors; a chaotic song and dance are the result.

Laurie Verhagen, who plays "Eileen," is featured in the song, "I'm a little Bit in Love." Bill Gorham will sing "Quiet Girl."

The dancing chorus is also finding the score somewhat of a challenge. The principal actors and many of the chorus members will participate in several gay dance productions through out the play. Mrs. Lys Marr directs the dance scores.

The play will be given April 5 and 6 in the South San Francisco High School Auditorium. Tickets are being sold by the Drama Club members and will be available at the doors both nights.

NEW PRESIDENT—Anthony Aiello (right) accepts gavel from past president Frank Loretta at annual installation of officers March 23.

Vista Grande and Thornton PTA News

Members of Vista Grande Thornton PTA liken to the perennial postman in that they weather rain, hail, sleet or snow to participate in their school's functions.

Such was the case Thursday evening, March, 14, the occasion—Family Night Spaghetti Dinner. In spite of very wet weather and much sickness, the turnout was so good we made enough profit to pay for a puppet show by Jan Ballan (Punch and Judy in Turkey), shown to the students of Vista Grande School, admission free, on March 21.

This proved to be not only entertaining but educational as well. So much so that there are now definite plans to present his other show "The Chattering Magician" next term after our annual dinner. The balance of profit will go towards the President's State Convention expenses.

Thank you all for participating. Please be anticipating our next event, May 9th—May Day Festival.

Flag Posters in Pacifica Schools

Colorful poster-folders explaining how to display and respect the flag of the United States are being distributed to Pacifica and San Bruno public schools by the LSEA, according to Roland W.. Finken, president of the local teachers organization.

Prepared by the state headquarters of the California Teachers Association (CTA), the poster-folders explain the proper etiquette for 14 different methods of displaying the flag.

"Many adult citizens are perplexed at times regarding proper etiquette for flag display under various conditions, and teachers felt that an attractive display illustrating proper rules and placed where seen frequently by children will impress them with the correct answers," President Finken said.

"The poster-folder also will provide an excellent visual aid for actual instruction when this subject is taught," Finken added.

GIANT CAKE—A four foot high, 150 pound cake in the shape of the new 17-story George Christopheryiyet py ing was cut by Mayor George Christopher at opening ceremonies at the new building at Number Ten Kearny, corner of Market, Kearny and Geary.

Home Mutual Dedicates Building

Dedication ceremonies for the modernized Home Mutual Savinge building at Market and Kearny in San Francisco were held Friday with George Christopher,, Mayor of San Francisco participating.

The occasion marked 18 months of work and $1,600,000 investment to transform the old De Young building into a structure that blends with and enhances the new character of Market Street, according to Sherman Mill, executive vice-president and managing officer of Home Mutual Savings.

Both Home Mutual and the De Young building have a record of firsts in San Francisco. Serving the Bay Area since 1885, Home Mutual is one of the three oldest savings and loan associations in Northern California. The De Young building was the first steel skeleton building in San Francisco and one of the few buildings to survive the earthquake and fire of 1906.

Home Mutual operates one of its five offices at No. 5 Southgate Avenue in Westlake.

Experts say that a busy housewife takes between 18,000 and 25,000 steps in one day of normal activity.

Something for Everyone

by Samuel Chandler

American Credos, by Stuart Chase, is a survey of public opinion polls that presents American attitudes on the major issues of foreign policy, education, politics, science, civil liberties, work, United Nations, business, and personal problems.

Some of the information presented shows that Americans repeat creeds that they do not practice. Some show that many average Americans vote for that which contributes to their personal comfort whether it serves the common good or not.

Nevertheless, American attitudes are so wholesome that Mr. Chase's conclusions are on the optimistic side. When citizens are personally involved in issues, their reaction tends to be on the side not only of common sense but of intelligent judgment.

The Unfinished Society, by Herman von Borch, is another significant book about temporary America. The author, who is a German observer, writes that the United States has reached a place in its history that requires a re-evaluation of its basic values. "The best minds in the country know that the American dream has spent itself and that the nation must live without it." "A group morality appears to be replacing personal codes of ethics. That is, you no longer refrain from doing something because you couldn't live with yourself. You refrain from doing something because you couldn't live with your neighbors. . . . In other words, the group takes over the role of religion or ethics as the judge of what may or may not be done. The group means society. What is happening is that all values are subjected to a social relativism. Whatever insures success, as measured by the common denominator of the high standard of living is justified even if it is not ethical by former ethical standards as long as it does not violate the law too flagrantly — the reaction is more one of pity than puritanical condemnation."

Books like The Unfinished Society and American Credos lead us to see ourselves in hope that we may seize an opportunity to rise to greater heights rather "than a sated, soft, and debilitated civilization perhaps, like Carthage."

What Every Woman Should Know About Her Automobile

By WENDY WHEELER

Auto-Torium Feminine Driving Consultant

I really have a case . . . of Spring fever, that is! Last week I was chatting about the fine art of car washing and the many products that Auto-Torium Stores carry to make this job an easy chore . . . I got so enthused about it that I actually went out in the sunshine and washed my car! It looked so nice that my husband thought I'd overestimated the bank account again and purchased a new car . . . believe me, the roof was almost the first earth vehicle to hit Mars before I could explain. Now, that dear man has decided that I have a "magic touch" with automobiles and the entire responsibility of keeping ours in tip-top shape has been delegated to little old me.

Being the conscientious type I took a good long look at the displays in Auto-Torium and discovered sever l items that have already p.oven useful, valuable and decorative.

First, to keep the floor of the car from getting muddy, I bought two custom-fit, custom-color, door-to-door mats (one for the front and one for the rear floor). I also bought some smaller mats in several bright colors to use around the home. It's amazing how handy these mats are . . . I don't know how I ever got along without them before.

But, here's the clincher . . . I came home with a can of Fabspray and promptly sprayed the interior of the car (seats and door panels) a brand-new, sparkling, Sherwood Green! This fabric spray is also good for upholstered chairs, rugs, carpets, canvas lawn furniture, draperies, awnings, sofas, and even golf bags and convertible tops! It's so easy to do that I'm going to start on the furniture next—all you do is spray it on once, and drab, dull and faded fabrics take on a fresh decorator-color look.

Krylon spray paints have a multitude of uses, too. They can be applied to everything from venetian blinds to refrigerators to children's toys . . . and they dry in minutes.

Needless to say, my husband is all agog about the accomplishments I've made since I was chosen President of the Keep the Car and Home in Spring Cleaning Condition All-Year-Around Association. And he hasn't seen the end yet. I never take responsibility lightly . . . I believe in following through with a job . . . so the next thing is to get HIM in shape. I have it all figured out—He'll meet President Kennedy's physical fitness requirements yet! We'll start with the push-ups, then a couple of dozen sit-ups, and wind up with a brisk run around the block. Oh, HE'LL be sorry he made me the President!

Maybe I'll even spray some of that instant coloring stuff on his hair to get rid of the gray invaders . . . ?

Free copies of Wendy Wheeler's entertaining and informative booklet, "What Every Woman Should Know . . . About Her Car," may be obtained at any Auto-Torium store, or by writing to her in care of this newspaper.

Studebaker Will Install Seat Belts

Seat belts will be factory installed in the front seat of every Studebaker automobile produced after this week, it was announced in Chicago by Sherwood H. Egbert, president of the Studebaker Corporation.

This makes Studebaker the first American motor car manufacturer to include the life-saving installation of seat belts as a part of the automobile.

Egbert has earned a reputation as an exponent of automotive safety equipment by leading the United States automobile industry with safety disc brakes, built-in roll-over bar in one model, the most advanced cone-type safety door latches and fully padded auto interiors. He told a press conference at the opening of Chicago's Auto Show:

"It is our feeling—a strong feeling—that safety measures in motor cars should not come by petition from motorists but that automobile manufacturers should lead in safety equipment."

He gave strong credit to the work of the Women's Crusade for Seat Belts, an arm of the General Federation of Women's Clubs, for its work in promoting the nationwide use of automotive seat belts.

"We feel that public education in the matter of seat belts has been accelerated to the point where auto buyers want seat belts in their cars—and will use these belts if they are installed," Egbert declared.

He said that Studebaker—smallest of the nation's five automobile makers—will install belts at the factory on what is known in the auto industry as a "delete option" basis. This means, he explaind, that the belt price would be added to the accessory list on the federal price sticker of each car and that buyers would be able to order the belts removed if they wished to save the cost of the belts.

"I firmly believe," he said, that few of our customers will elect to pass up safety of this magnitude for a modest cost."

Egbert said he didn't feel that seat belts were a panacea for the rising tide of auto accidents, but he thinks they will have a major effect in lessening fatalities.

"Nothing will save lives as well as a nation of safe drivers. But every safety measure helps and at Studebaker we think that seat belts in every car will go a long way toward our life-saving objective."

He reminded his audience that Studebaker led the auto industry by being the first manufacturer to install seat belt mountings for four belt installations in every car

Oldsmobile Model Year Sales Are Up 21 Per Cent

LANSING: Between the beginning of the 1963 model year last October and March 1, Oldsmobile dealers delivered to their customers a total of 211,694 new Oldsmobiles, it was announced today by Jack F. Wolfram, the division's general manager and a vice president of General Motors.

"This is an increase of better than 21 per cent over the first five months of the 1962 model year," Wolfram said.

Skyline Plaza Watch Winners

Al Boudou, owner-manager of Skyline Cleaning Center, in the Skyline Plaza Shopping Center, has announced the winners in the first two drawings of their Grand Opening giveaway. The winners each received wrist watches as prizes.

The winners of the first drawing were: George Gotelli, 1171 Southgate and J. Holte, 20 Forest Grove. The winners of the second drawing were: Marjorie Turner, 27 Westline Drive, and Pat Gregor, 74 Carmel.

The modern cleaning center, one of the largest and best-equipped in the area, is still giving away free rain hats to the ladies, as part of their Grand Opening celebration.

The 12 dry cleaning machines are short cycle and odorless, and in their launderette section they have a 25-pound rug washer, Boudou reports.

County Convention Is The 'Best in Years'

By Bunny Gillespie

Placards, pennants, posters, periwigs and pale pink printed platform proposals and programs were in evidence Thursday morning as the Seventeenth District of the California Congress of Parents and Teachers gathered for its thirty-sixth annual convention.

Delegates bringing some of the gimmicks and "spirit" usually found at jolly - boy - type conventions represented most of the 159 San Mateo County Parent Teacher Associations. They had been summoned to send duly accredited delegates and representatives to meet and that they did at the San Mateo High School Auditorium. Recorded attendance was just under 350, a reassuring display of PTA interest.

Convening at 9:30 a.m. under the gavel of Mrs. L. E. Engleman of Redwood City, District president, attendees were reminded of the general convention theme, "Focus on Family, Faith and Freedom."

The group voted to adopt the following as its platform for the 1963 session:

"Looking forward to another year of understanding and cooperation between home and school, the Seventeenth District, CCPT, re-dedicates itself to those meaningful objectives of the Parent Teacher Association. We focus attention on our responsibility to implement those objectives through our emphasis on Family, Faith and Freedom:

Family: We should offer opportunities for strengthening families in order to promote a greater awareness of the home as the focal point of our society.

Faith: We believe that faith is fundamental in our American tradition and that every child is entitled to the opportunity to develop a religious faith, a faith in our national heritage, and faith in the worth of the individual.

Freedom: Parents and teachers working together in harmony can help provide education for all regardless of race, color, or creed, and be a pervading influence for the preservation of those freedoms set forth in our Bill of Rights.

The Platform had been prepared by Mrs. Hobart H. Gay, Director of Communications; and her committee members: Mrs. Earl Oldham, Director of Public Welfare; Mrs. David R. Sears, Director of Secondary Services; Mrs. Ernest E. Thomas, a member of Mrs. Sears' department, and Mrs. Douglas Murray, chairman for Association Programs.

Prior to the acceptance of the Platform, a forum had been presented entitled "Growing Up In Education."

Those participating were the moderator, William N. McGowan, executive secretary of the California Association of Secondary School Administrators; Dr. Vincent Claypool, principal of Sequoia High School; William K. Jennings, principal of Parkside School and Richard L. Foster, superintendent of the Jefferson Elementary School District. Mr. Claypool and Mr. Jennings are the 17th District's appointees to the CCPT-CASSA committee.

Two resolutions were adopted by the meeting, both the proposals of Mrs. Joel L. Yager, Director of Education; and her committee: Mrs. Sherwood Stolz, music chairman; Mrs. Walter Bellencheck, motion picture chairman; Mrs. Bert Salvick, special education chairman; and Mrs. L. H. Prager, school education chairman.

Resolution No. 1 reads:

"Whereas, the C.C.P.T. at its State Convention has affirmed its support of "legislation to encourage reorganization of school districts, where such action would better serve the educational needs of children," and

Whereas, following approval by the State Board of such plans as submitted by the County Committee said plans must be presented to the voters of the areas involved, in an election for approval or rejection.

THEREFORE, Be It Resolved, that 17th District urges local associations to encourage, through every means in their power, that members and communities take advantage of every opportunity to obtain factual information concerning those parts of the Master Plan which affect their school districts, and

Be it further resolved, that 17th District urges its local associations to encourage their communities to study and evaluate such factual information in the light of what action would best serve the educational needs of the children of these communities."

Resolution No. 2 is

"Whereas, the N. C. P. T. at its 1962 convention passed a resolution calling attention to the motion picture industry, which for years has observed its self-imposed code of ethics, but in recent years has become increasingly permissive in its interpretation of the

From A Feminine Viewpoint...

By Mona Baker

Youngsters are so creative. This fact was clearly demonstrated as we viewed last week's Lions Club bi-annual youth art exhibit. Whether it be kindergarten or high school age the art work which they created with their own hands and imagination was something to behold.

Entering the building the first display that met the eye was a large mural all done in colored yarn. It was a south sea island scene with grass huts, waving palms and even one little brown figure swimming in a sea of blue yarn.

Inside the large room more fascinating art objects were on display—from brilliant colored paintings and murals on the walls to delicate and unusual sculpture on the tables, the exhibit was most impressive.

From the earliest age, children enjoy expressing themselves through works of art. Unfortunately many times no one ever sees what they accomplish and they lose interest because they have received no encouragement.

That is why we believe that the art show conducted by the Lions Club is such a fine community service. It gives recognition to deserving youngsters and enjoyment to the members of the community who can view their work.

Too, we feel certain that among the many beautiful works of art, there is a young person right here in this community who will go on and become a noted artist because of the encouragement he received at the show.

—★—

FASHION WHIRL: Bright travel posters all over the walls, pink blossoms on the tables as a capacity crowd enjoyed last week's "Jets to Fashion" show presented by the Westlake PTA. Showing beautiful spring clothes from The Fashion were models Lucille Greiff, Eleanore Dunbar, Shirley Voipi, Caroline Wiener, Annette Stein, Mary Hilman, Marian Buran, Joyce Siegel, Marilyn Hipschman, Cynthia Rippon, Shirley Keate, Josephine Seyranian.

—★—

Our community leader this week is one of those people that you often wonder "how does she do it?" She is the mother of seven youngsters yet she has managed to find time in between raising her family to devote service to her community.

She has served three years with the Vista Mar PTA and devoted one day a week to working at the Northern San Mateo Baby Clinic.

She taught trimnastics for two years for the YWCA, has served on the fashion committee and is now representative from Northern San Mateo County on the membership committee of 620 Sutter YWCA.

She is now serving her second term as president of the Women's Auxiliary of the Lake Merced Sailing Club. One day a week she devotes to the Peninsula hospital where she serves as a volunteer worker.

We salute Jeanne Sorensen, our community leader of the week! Residents of Westlake for almost five years, the Sorensen family, husband, William and four youngsters, Sandy, Tome, Hope, Jimmie, live at 11 Montrose Avenue. Three other children are in the east; Bill Jr. and Jack are attending college and Jeanne is married.

—★—

SOCIAL WHIRL: It will be a family dinner party at the House of Noel in San Francisco this Saturday evening celebrating the official opening of the small boats racing association season. Their annual regatta will be held on Sunday, April 7 at Lake Merced. If you are out driving, plan to drive past the lake and see the graceful boats unfurling their brightly colored spinnakers.

NEWS BRIEFS: Because of Easter vacation week the next meeting of the Daly City Newcomers, Romona Birke, Director, will be held on April 16. It will be a luncheon and a most entertaining program is planned, so jot down the date.

It is that time again—the last Thursday of the month when the monthly book review of the Daly City Friends of the Library will be held at Westlake Bowl. Do plan to drop by in the morning at 10:30 a.m. for coffee and a most entertaining program, and don't forget there is free nursery care for your little tots.

This Saturday (April 6) is "D" Day for St. Martins, so remember to stock up on donuts for your family.

Looking ahead—jot down the date of May 16 too. That is the date the annual "Time for Fashion" show will be presented by the Westmoor PTA with fashions made and modeled by students from the homemaking department. Refreshments too will be made and served by the girls.

An important date on the schedule of Y-Wives is April 15. A special vacation program has been planned with Panorama representative Henry Ewald talking on "How to Plan a Vacation."

FUN FOR KIDS—The public will be given the opportunity to receive a $100 gift certificate from the Kiddie Korner when the Westlake Festival is presented at Our Lady of Mercy Parish. May 2, 3, 4 and 5. The theme of "Showboat Time."

Gifts Offered At "Showboat Festival"

Young Kim Kraal shows her pleasure in some lovely clothes featured at the Kiddie Korner in the St. Francis Heights shopping center. Mr. and Mrs. Robert Enright, owners of the Kiddie Korner, have announced that the public will be given an opportunity to receive a $100 gift certificate from the Kiddie Korner.

The occasion is the Westlake Festival of Our Lady of Mercy Parish. The four exciting dates are May 2, 3, 4 and 5.

Those who attend the festival will be given an opportunity to take a chance on winning the $100 gift certificate, which will be featered in the doll booth.

There will be 19 other booths to insure fun for everyone. The admission is free, and all are welcome to attend this year's festival, which this year is featuring the theme "Showboat Time."

Remember the dates — May 2, 3, 4 and 5, and watch this newspaper for more exciting information concerning the festival.

"Travel to Europe and other far places will be possible in a matter of an hour or two," predicts Dr. Glenn T. Seaborg as he talks with host Dr. Earl S. Herald on next Monday's "Science in Action" show (April 8, 7 p.m., KRON-TV), a fascinating program which looks into the "coming age of science." Next week's program marks the fifth appearance on the popular science series for Dr. Seaborg, Nobel Laureate and chairman of the Atomic Energy Commission.

The coming program is a memorable one for "Science in Action" because it is the 500th telecast for the distinguished science series which has been on the air continuously for thirteen years. The list of guest scientists who have appeared on the show reads like "Who's Who" and includes more than a dozen Nobel prize winners. Its television programs on space have made history and its first show on the subject "Exploring Space" was telecast in 1952, five years before Sputnik.

The program is now seen in fourteen cities across the country and overseas in Hawaii and Hong Kong where it is viewed four times a week, each night in a different tongue—English, Cantonese, Mandarin, and Chieu-Chow, a South China dialect.

Another milestone was established when the program was integrated into the schools. Educational consultant for the television series, Margie Downey (science teacher at Benjamin Franklin School in the Jefferson Elementary School District) developed classroom kits which are now used by schools in many of the cities in which the program is seen. Each week in Los Angeles alone more than 300,000 children view the program as part of their homework assignments.

"Science in Action" is produced by the California Academy of Sciences. Executive producer since the show's inception is Benjamin Draper who heads a staff of eight. Program host for the series is Dr. Earl S. Herald who has been a longtime resident of Daly City. He is an internationally known ichthyologist, author and curator of aquatic biology at world famous Steinhart Aquarium in San Francisco. Wells Fargo Bank sponsors the program.

Griess - McConnell Vows In Sacramento

Mr. and Mrs. Kurt R. Griess of Ojai, California announce the marriage of their daughter Carol Sue to Douglas E. McConnell. Mr. McConnell is the son of Dr. and Mrs. Robert E. McConnell of Westlake, Daly City, California.

The double ring ceremony took place in the Westminister Presbyterian Church in Sacramento, California with the Rev. Carl Swanson officiating. The church was decorated with white snapdragons for the candlelight ceremony.

Given in marriage by her father, the bride was beautiful in a pale blue suit with which she wore a small veiled white hat and white accessories. She carried a spray boquet of stephanotis and white orchids, attached to a small white prayer book.

Mrs. Gene P. King of Ventura, California was her sister's attendant and Mr. Robert E. McConnell of Tempa, Arizona was his brother's best man.

Proceding the ceremony, Dr. and Mrs. McConnell entertained at dinner for the wedding party at the El Mirador Hotel in Sacramento. A reception followed the nuptials was held at the beautiful El Dorado Hotel.

The new Mrs. McConnell was graduated from Ventura High School in 1958 and received her degree from Chico State College in 1952. She is a part honored queen of Job's Daughters, Bethel 217, Ventura, California.

The groom was graduated from High School in Ellensburg, Washington and received his B A degree in Science from Chico State College.

The young couple will make their home in Sacramento where Mr. McConnell is studying for his Masters' Degree in Business Administration. Mrs. McConnell is a teacher in the Sacramento school system.

The bridegroom's parents are recent newcomers to the Bay Area. Dr. Robert McConnell was for 28 years President of Central Washington State College in Ellensburg, Washington and is at present Regional Representative in Higher Education for the U.S. Department of Health, Education and Welfare. Mrs. Robert McConnell is a member of the faculty of the Art Department at San Francisco State College.

Fuchsia Blooms

Fuchsias produce their bloom on the current season's growth, just as roses do. It is proper, therefore, to pinch back the rank terminal growth to encourage side branching with the resultant extra growth to carry the flowers. Use your fingers to do this and ask C.A.N. nurserman's advice if you are doubtful.

Women's Convo Is April 24

The speaker at the banquet will be E. H. Nordby, Superintendent of Crystal Springs Rehabilitation Center. The Pacifica club will provide the decorations for this affair.

The second day there will be a luncheon with guest speaker Adm. Marion P. Evanson U.S.N.R. Following this luncheon district awards will be given to the deserving clubs.

Local Residents Donate Blood

Longfellow PTA to Hold First Meeting

The Longfellow PTA will have its first meeting of the new term on Wednesday, April 24, 193, at 7:30 p. m. in the school auditorium. This is a good chance to meet your new president and her officers.

The theme for this meeting is "Focusing on Children and School Achievements." There will be a short meeting and then a tour of the school. The Longfellow glee club will present a selection of songs.

Dresses Follow Easy Lines for Spring

Spring's most fashionable dresses are those that suggest rather than insist on shape.

The new soft mood of fashion is interpreted in dresses, coatdresses and costumes that flow fluidly over the figure, curving close to the body but never clutching or confining it.

Women will like spring's dress styles because they are feminine, flattering and easy to wear.

What Comes "Naturally"

Many dresses are doing what comes 'naturally for spring. The new natural dress skims lightly over the figure, widening slightly at the hemline. It offers the wearer easy elegance, as do spring's flared A-line skimmer styles and shift-shapes that hang shaft-straight or are gently sash-tied.

The tunic-top dress, reflecting 'rajah' inspiration, casts a long, lean shadow over spring fashion. Straight or slightly flared emerge from beneath skinny or shaped tunics in three-quarter or seven-eighths lengths.

Spring's pullover-dress combines an overblouse shirt with a slim, flared or pleated skirt.

Ensembles Abound

The most casual of spring's easy-going styles is the silver-slender sweater dress with a V-neckline.

Every woman will want at least one spring ensemble in her closet now that so many of the prettiest dresses come with their own jackets or coats. Spring prints are often paired with co-ordinated cover-ups lined with matching print. Other dresses are accompanied by a scarf or stole for the 'total look.'

The simple shapes of spring's dresses are kept uncluttered by a minimum of soft, lady-like detailing. Necklines may or may not have collars. V-necks, sometimes filled in with scarves, abound as do soft,, cowled and draped neckline effects.

Sleeves Are News

Sleeves are a new area of fashion interest for spring. Although there are plenty of sleeveless dresses for women who prefer them, many of the smartest new styles feature cropped sleeves, cuffed shirt sleeves, long skinny sleeves, leg o' mutton sleeves and puffy sleeves.

The wandering waistline is on the move again. For spring, a dress's waist may be where nature intended it to be, lowered, or lifted for a flattering high-waisted effect.

Dress skirts, whether full, shaped or slim, carry out spring's theme of soft mobility.

The color range of spring's dresses goes all the way from smarter-than-ever black and navy to mouth-watering pale and pretty pastels. Spring will see many, many white, off-white and cream colors.

Petticoats Plan Cocktail Dance

The City of Hope Petticoats welcome the public to their Spring cocktail dance at the unique Executive Suite, 153 California Street, San Francisco, Sunday, April 7, 8 to 12, music by Dick Hart.

All donations go towards the treatment of catastrophic diseases and the development of new advances in patient care and research.

A Delightful Outing At SF Airport

A delightful trip was made to the International Airport by the Pacifica Nursery school children on Thursday afternoon, under the supervision of Director Ella Rochnitzer and participating mothers.

The children were escorted through a TWA Super Jet Liner. The captian of the Liner presented each of the boys with a junior pilot bar and each girl with a junior stewardess bar. The children were thrilled with the Super Jet and the busy activities of the airport.

Now that spring is here the Nursery School plans many interesting excursions for the pre-school children. The children are now studying about Spring planting and growing plants. "Carton Gardens" are beginning to function with the help of the nursery school Mothers.

While a close daily watch is being kept on the plants in the cartons, the children are counting the days until the plants bloom.

The Nursery School is a parent-participating organization conducted as a part of the adult education division of Jefferson Union High School District. It is a non-profit non-sectarian organization that is managed by an executive board elected by all members who have children enrolled.

The school is open to children from two years and nine months to kindergarden age. Children attend a three to five day program consisting of painting, puzzles, music, stories, and outdoor play.

The tution is $10 for a two or three day week and $12 for a five day week. School is held from 9 to 11:45 daily.

Car pools can be arranged for non-driving and driving Mothers. For further information concerning the school, contact Membership Chairman, Jane Stillman EL 9-1036.

Cleaning Help Is Available

Helping hands for spring cleaning in or around the home are available in large supply for San Francisco housewives this season. Miss Mikel Zintz of the California Department of Employment Industrial and Service office, 801 Turk Street, announces her section will make more than 300 monthly domestic placements in response to calls for house cleaners and men for seasonal wall or window washing, yard work and general chores.

For women domestic help, Miss Zintz recommends minimum pay of $1.50 an hour, carfare and employment for at least four hours. For a full day's work, Miss Zinta also recommends the provision of a noon lunch.

Men for general cleaning work for a minimum of $1.75 an hour and at least three hours' employment. Gardeners, including many who have just completed a special gardening course by the San Francisco Public School system, are available for a $2 an hour minimum.

Miss Zintz reports that the job applicants are ready for work anywhere in the City. Householders seeking such help should telephone PRospect 6-3850 and ask for "Domestic Section." The Employment office is open 8 a.m. to 5 p.m., Mondays through Fridays.

Early Rose Blooms

Roses are making their first big flush of growth and developing spring's first bloom this month. In some warm gardens they will even show color before May 1. Be sure to protect the new growth against aphis and other pests by setting up a regular feeding and spraying program. Any member of the California Association of Nurserymen will be glad to help you to set up the proper schedule for your area.

Birch Governor Will Talk at GOP Meeting

Former Congressman John Rousselot of San Marino has accepted the invitation of the San Mateo County Chapter of the Republican Association of California to address an open forum to be held in the Redwood City American Legion Hall on Friday evening, April 19 at 8 p.m.

Rousselot, an accomplished public speaker, is presently the District Governor for the John Birch Society.

President Hugh H. Smith Jr. of Millbrae stated, "I sincerely feel that the majority of our voters of both major political parties are competent to evaluate the aims and purposes of the John Birch Society if they are exposed to factual information rather than the personal invective of the liberal left. It should be extremely interesting to hear Rousselot's analysis of how we have never lost a war and never won the peace."

The address will be followed by a question and answer period.

Admission is free to the general public.

Registrations Are Now Overdue on California Boats

Starting this week, California's boaters will be in the same position as the automobile owner who hasn't registered his automobile—subject to citation.

Current registrations have been provided all boat owners who applied for renewal before the February 4 deadline. Basic evidence that a vessel is currently registered is the Certificate of Number, the "ship's papers" which must be carried aboard the vessel when it is in use.

A three-inch square blue and white sticker is outward evidence of registration. Placement of the registration sticker is on the hull next to the number. Vessels showing proper number and stickers would normally not be stopped.

Boats which are moored or tied up must also carry the numbers and stickers. A boat is in use when it is in the water, whether underway, anchored, moored, or tied to a dock.

Maximum penalties for noncompliance are $50 for equipment and numbering violation and $500 for reckless or negligent operation.

In industry, hard hats were first worn in coal mines in Cornwall, England.

SCOUT TROOP HONOR COURT

Boy Scout Troop 343 held an especially important Court of Honor Tuesday evening, March 19 with many scouts receiving honors and awards. Those receiving the Tenderfoot Awards were: Gordon Wright, Paul Marinko, and James O'Donnell.

This award represents scouting's first step towards the Eagle Award which is Scouting's highest. Second Class Awards were made to Gary Bliss, Kenneth Fithian, Ed Davidian, Christopher West, Michael Cronin and Robert Abbott. First Class presentations were made to Kevin Milton, Dennis Tinsely, Gary Bliss, Fred Sunderland, and Allen Aragon.

Kenneth Sale, the Assistant Scoutmaster of Troop 343, awarded the First Class Insignias and Pins. Three Scouts gained the Star Scout Rank. Insignias and Pins were awarded to Vern Angulo, Jim Wright, and Fred Sunderland.

The Court of Honor was marked with additional significance with the award of the Rank of Eagle to Steven Sale and Stephen Douglas.

The presentations were made by Mr. Harvey Price, Scout Executive, of the San Francisco Council of the Boy Scouts of America.

San Francisco Rose Society to Meet

S. F. Rose Society will hold their regular meeting Sunday, April 7, 1963 at 2 p.m. in Hall of Flowers, Golden Gate Park.

Experienced rosarians will tell how to grow blue ribbon winners, and show the difference between good roses and prize winners.

Refreshments follow the meeting.

Water Soon

April showers may come your way, but in California you can never count on them. It helps to make basins around many shrubs such as roses, dwarf citrus and others to insure penetration at the roots. Deep watering is one way to make a plant's roots go down and down so that they are less susceptible to the summer drought when it comes. Camellias and azaleas, of course, are shallow rooted and deep watering will do no great good. These are wisely mulched with peat moss and steer manure to conserve moisture.

Feeding Plants

When the acid loving plants —azalea, camellia and rhododendron—go out of bloom, it is time for the gardener to begin feeding them with an acid fertilizer. Members of the California Association of Nurserymen suggest alternating a balanced fertilizer with liquid fish at monthly intervals after the first feeding right through summer. All three seem to respond better to this varied diet than to any one fertilizer used exclusively.

New Zinnias Capture Awards

It's one of the pleasures of gardening that new faces are always appearing in the plant world. New roses, especially the All-America Rose Selections, get the lion's share of publicity in this line, but there are many other new faces which also deserve a few raves. Among these are the new bedding plants which will be making their first appearance during 1963.

On hand in the nurseries this year are several new annuals which should gladden the heart of anyone who likes his color quick and bright. Included are two zinnias and two petunias which rank as outstanding.

A miniature zinnia named Thumbelina copped top honors for the year by walking off with the Gold Medal in All-America competition, and another zinnia named Firecracker was winner of the AA Silver Medal. This marks the second year in a row that zinnias have finished strongly in this competition, an indication that new and wonderful things keep happening to this old standby.

Thumbelina is a compact little charmer which grows only about six inches high. According to the California Association of Nurserymen, it should become a favorite in all parts of the state. Its blooms are double or semi-double in a mixture of yellow, orange, pink, scarlet, lavender and white. Growers claim it starts blooming early—when the plants are only three inches high — and will continue blooming until frost, if you keep the fading flowers picked off.

The Silver Medal winner, Firecracker, is a cactus-type zinnia which growers claim is merely the largest of this type ever seen. It comes in one color only, a flaming scarlet red and should be a real winner with those who love the lavish display which only the larger zinnias can offer.

Though they failed to win AA honors, the new Cascade petunia strain has been enthusiastically received by California growers and nurserymen. They are petunias of the grandiflora type, with huge blossoms measuring up to four or five inches in diameter.

GUESTS ENJOY the buffet at the Annual Cymbidium Festival and Open House, held on March 23rd and 24th at "Acres of Orchids," the famous Rod McLellan Co. orchid nursery in South San Francisco. Each of the ladies among the many thousands of visitors was presented with a gardenia on arrival. Guests toured the nursery and delighted in the magnificant display of cymbidium orchids.

Dolwig Would Limit Outdoor Advertising

A bill was introduced March 20 by Senator Richard J. Dolwig, San Mateo County, which would extend the authority of the Outdoor Advertising Act to incorporated areas. The Act currently is limited to regulatory powers only over unincorporated areas.

"Such an amendment to the Outdoor Advertising Act would result in a uniform set of regulations for the entire State," Dolwig said. "In many ways the Outdoor Advertising Act's purpose is defeated because of local control in incorporated areas."

Dolwig pointed out that present aim of the Division of Highways is to landscape and beautify the State's present highway and freeway system. "With scenic highways in mind, it is very frustrating for engineers to design such a system, where local control has blanketed approaches with a hodge-podge of billboards of every shape and description."

Dolwig cited the approaches to San Francisco. "There are no more beautiful approaches to a city in California than those which serve San Francisco. Yet, it is often difficult to see the skyline because of the many advertising displays."

Dolwig's proposed amendments would affect the placing of advertising displays within view of the State's public highways located in any territory of California.

The Outdoor Advertising Act was first adopted in 1933, and has undergone many revisions since that time. "After 30 years of experience with this Act its regulatory powers in unincorporated areas has proven highly satisfactory. There is no question as to whether it should be extended to incorporated territories for the purpose of having a uniform regulation throughout the State.

Easter Message on Concept of Immortality

By Rev. Thomas H. Whelpley Th. D., Pastor Grace Presbyterian Church, Daly City

Apart from the anticipation of immortality, the thought, the teachings, the ideals and the ethics of Jesus become unutterably unintelligible.

The doctrine of immortality is recognized everywhere underlying Christ's teaching. His system of ethics was so far above that of ordinary "brute beasts," that if there is no hereafter for the individual who adopted them, then He of all men was the most disordered in the intellect, and those who trusted in him most miserable.

The doctrine of immortality, in its very nature, is inseparable from the Christian doctrine of the infinite value of the individual soul.

Jesus said that not a sparrow falls to the ground without th e Heavenly Father knowing about it, and that a human life is worth far more than many sparrows.

Can anyone conceive of an intelligent loving God creating human life with all its achievements and all its possibilities, only to snuff it out like an candle in the darkness?

Life is filled with unfinished symphonies. No human life is complete this side of the grave. Life must go on. It is all too short for an individual to complete the purpose for which he was placed upon this planet in the beginning.

The fact of the resurrection of Jesus Christ was so revolutionary and unexpected in character that it changed the whole tone and perspective of thought. Whatever our view today of the nature of the stupendous event, whether it involved the resurrection of that earthly body of Jesus and its transformation into a spiritual body, or that the event was a purely spiritual objective reappearance, or even that it was a series of objective visions, there can be no possible doubt as to the effects on the mind of the early Church.

Hereafter it was not the Jesus of history that filled the hearts of his followers, but the Jesus of the resurrection. His unseen presence was a source of comfort and inspiration at every communion. His grace proved a sure hope for all who loved and served him.

Heaven no longer was a distant scene but a present reality. Heaven was to them where Jesus was. To live here was to possess his spirit, and to die was to be with Him forever.

When the Easter dawn breaks millions the world over will fill the churches for the 1963rd time to affirm their belief in the unimpeachable doctrine of a blessed future life which no other peoples had ever attained. Let us remember that this faith won by religious experience can only be preserved and developed by religious experience.

In such blessed experience we not only keep what has been obtained, but we go from strength to strength, rising as we advance, into an even higher and fuller life, and the assurance of eternal life which grows according to the measure of our faithfulness.

Biblical Festival Of Passover April 8

Six million American Jews will soon inaugurate the Biblical Festival of Passover with the lighting of candles Monday evening April 8 at sundown.

Congregation B'nai Israel will hold a formal Seder Tuesday evening at the War Memorial building in Daly City with Rabbi Solomon A. Shore officiating.

The evening before the very faithful will have completed searching the Chometz (leavened bread) in their homes, the pieces of bread are unusually wrapped in a wooden spoon and burned the following morning.

All day Monday Chometz is no longer permitted to be eaten. Short religious services in temples and synagogues will be attended during the first two evenings, then people will gather in their homes or as guests at the homes of friends where Seder banquets will be performed by the head of the family.

Passover is actually celebrated eight days. The first two days and the last two days are the most important.

The evening meals during the first two evenings are referred to as the Seder nights.

The Seder means that the people, regardless of the number, gathered for the occasion must follow a prescribed ritual (both before dinner is served and also after the meal). For this purpose a booklet in Hebrew and English called Hagadah is used. This booklet contains the history of Passover, the historical as the Biblical background of the holiday.

The Exodus From Egypt

The entire holiday is based upon the theme which is found in the book of Exodus of the Old Testament about the ancient Israelites who used to dwell in the land of Egypt after Jacob and his sons had settled during the days when Joseph served Egypt as the prime minister of Egypt.

A new era arose with the passing of the Pharoah, which spelled doom and tragedy to the growing Jewish community. Moses and his brother, Aaron, who were the known leaders among the Hebrews, went to the new king and pleaded with him to free their brethren who were made slaves.

Moses and Aaron asked that the king grant permission to the Hebrew to serve their God with prayer and chants.

The king refused. Moses and Aaron prayed to God, who in turn instructed the Jewish leaders now to negotiate with the king.

The Ten Plagues

God punished the Egyptians with severe plagues. Every time the king refused a plague would occur until the first born sons in each Egyptian family died as a result of God's curse.

The Hebrews left the country by the thousands. They crossed the Red Sea and wandered in the desert for forty years until they reached the promised land.

The Matzo or passover bread is still symbolically eaten in memory of the hastily baked bread which our ancestors have baked just before leaving Egypt.

Many symbols still remain. Though the Jewish passover is thousands of years old it retains a good deal of its ancient rituals and ceremonies.

Religious Freedmon

Basically this is the first battle for religious freedom ever recorded with such realism. In no other country in the world is the Jewish passover so vividly observed as in modern Israel. American Jews love this holiday and do not mind the extra work—because Passover offers a good lesson to the young generation. The holiday commemorates the spirit of human dignity and human freedom.

Thursday evening, April 4 at 6:30 p.m., at the Social Hall of the Grace Covenant church, 740 Del Monte Avenue, South San Francisco, the Westside Baptist Church will hold their second annual church business meeting. The evening's events will begin with a fellowship pot-luck dinner to which friends and members of the church are invited. Following this dinner, there will be a time of congregational singing, some special music, and then a challenging message from Rev. Elliot Paulsen, pastor of the Fairway Park Baptist Church of Hayward, California.

Following this, there will be the regular annual business session of the church, at which time reports will be given by the various boards, and organizations of the church, and the evening will conclude with the election of officers and committees for the year 1963-64. There will also be nursery and child care service for those attending the service.

Sunday, April 7, is Anniversary Day at the Westside Baptist Church. One year ago, the church was formally organized as a regular Baptist Church, affiliated with the Baptist General Conference. During the first part of the morning service, the vice-chairman of the church, Mr. Clair Sturdevant, will give a brief resume of the history of the church. There will be special music for this service also, and the Pastor in keeping with the Palm Sunday theme, will preach on "The Shout of Triumph." During this and all of the Morning Worship Hour services, a nursery is provided for babies and toddlers, and then during the preaching portion of the service, a Primary Church is conducted for boys and girls four years of age, up through the third grade in public school.

Boys and girls, and all adults, who do not have a regular Sunday Church school to attend are encouraged to attend this Sunday at Westside, where ten classes for all age groups await you.

Sunday evening, the special feature of the evening Gospel Hour will be the appearance of the Ladies Trio from the Simpson Bible College of San Francisco. The trio, composed of Sheila Frost, Susie Finfrock, and Barbara Kayser, with Miss Grace Howard as their accompanist, has presented two programs of sacred music at Westside Baptist Church, and each time their ministry has been received with real blessing to the hearer. Rev. Rodger Goodman, Extension director of the Northern California Baptist Conference with offices in San Jose, will be the guest speaker at the evening service. Rev. Goodman was the Pastor who began this church, helped it to organize, and continued as Pastor until the present Pastor, A. David Donnelly, came to the church in May of 1962. Following the message by Rev, Goodman, there will be a Candlelight Communion Service. At the conclusion of this, the right hand of fellowship will be extended to all those who have come into the fellowship of the church as members during the past month.

Palm Sunday Breakfast at Broadmoor

The annual Palm Sunday Men's breakfast will be held at the Broadmoor Presbyterian Church next Sunday, April 7, at 7:30 a.m. A meal of waffles, ham, scrambled eggs, sweet rolls, orange juice, and coffee will be prepared, served and eaten by the men of the church. According to Collins Orton, president of the host group, the Village Churchmen, the Palm Sunday breakfast was a regular event at the 87th Street church for several years, from 1952 to 1955.

In 1955 there was a great deal of confusion in the kitchen, and frozen waffles were served up, warm on the outside, but with ice crystals in the middle. In the haste to get the orange juice prepared, hot water was mixed with the frozen juice, and the meal of ice waffles and hot orange juice was not too well appreciated by the men of the church. For the next several years the affair was dormant, until it was revived last year.

Under the new management of chef Rodman Taylor Barnes, assisted by Ray Lichtenberg, Collins Orton, and Rex Spruiell, the Palm Sunday breakfast promises to be a splendid repast. Guest speaker after breakfast will be the Rev. Albert Damon, pastor of the Ingleside Presbyterian Church in San Francisco.

On Saturday night, April 6, beginning at 6:30 p.m., the High School age Youth Fellowship will present a Dime-a-Dip Dinner, in which each course costs a dime. The meal time will last for one hour, following which a program of entertainment by the teenagers will be seen. President of the group is Charles Suenderman. Adult advisors are Mrs. Dorothy Spratt and Mrs. Alice Kerr.

Palm Sunday will mark several anniversaries in the life of Broadmoor Presbyterian Church. On this day in 1952 the three-story educational building was dedicated. Ground breaking ceremonies for the sanctuary building facing 87th Street were held on Palm Sunday in 1956, and a year later the first services were held in the completed building.

Twin services are held at Broadmoor Presbyterian, 9:30 and 11 a.m., with concurrent Sunday School classes for all ages, nursery through high school, and infant care provided. The Rev. Herbert Tweedie is pastor, with John Rued as Sunday School superintendent and Delmar Severy as director of music.

Hodges is New Exec. Secretary

Speaking at his installation as Executive Secretary of the American Baptist Union of the San Francisco Bay Cities, the Rev. Mr. Lynn E. Hodges described the San Francisco Area as "America's great paradox." Rev. Hodges is a member of the Westlake Community Baptist Church.

"It is full of culture, beauty, commerce and material opportunity, and at the same time empty of spiritual peace, power and purpose," he continued in his inaugural address to more than eight hundred people.

He called attention to San Francisco's inenviable "record" of alcoholism and suicides. "It is the part of the church to bring this needed dimension of spiritual meaning into the life of this area, and it is to this that I dedicate my leadership of American Baptists."

The occasion for Mr. Hodges' comment was his installation as Executive and Administrator for the 90 American Baptist Churches in the Bay Area. Mr. Hodges brings to his new position almost 20 years of pastoral leadership in Kansas and California.

Westlake Lutheran Founded in 1957

Westlake Lutheran congregation was born Sunday, January 13, 1957. The birth of a congregation is not unlike giving birth to a child. There are the months of preparation and anticipation. There is the moment of joy after much labor.

Preparation for a Lutheran congregation in the Westlake area began in June of 1956 with the arrival of Rev. Charles R. Christian from Proctor, Minnesota. In the early stages of the work of reaching out to Lutherans and the unchurched in the area, Pastor Christian was helped by a full-time parish worker.

The first service of worship was held July 22, 1956. The congregation first met in the Serra Theatre, later moved to the Broadmoor Community Center. To carry out the task of teaching the young and old the Sunday School was organized on September 9.

Dr. Gaylord Falde, president of the district, was present on the day of official organization, January 13, 1957, when the constitution of the congregation was adopted, officers were elected, and the Rev. Christian officially called as pastor. The constitution reads: "The purpose of the congregation shall be to work for the establishment and extension of the Kingdom of God." Kenneth Berven was elected the chairman of the congregation.

After birth there is growth. And so it was at Westlake Lutheran. A women's group was organized at the home of Mrs. Winfield Scott in March of 1957. Mrs. Kenneth Berven served as its first president. A program of worship, Bible study and handicraft was started for children in the fourth grade and up. Mrs. Herb Kraling and Mrs. John Lambert directed the group. A men's group and junior and senior choirs were organized.

"Ground Breaking" for the congregation's worship and educational unit at Westmoor Ave. and Avalon Dr. was held on September 22, 1957. In April of 1958 the church building was dedicated.

Over the years the congregation has had three pastors. The Rev. Jess Thompson followed Pastor Christian in January of 1961. In December of 1962 the Rev. Kenneth D. Hansen took over the duties of parish pastor.

To meet the spiritual needs of young families in this suburban community Westlake Lutheran congregation has developed a vigorous and meaningful program of worship, education, services and fellowship. Its varied program is shaped to touch the needs and interests of young and old.

Each Sunday at 11 a.m. the congregation gathers for its hour of inspiration and worship. The Sunday School, under the lay direction of Richard Taylor, meets at 9:30 a. m. Each week adult discussion groups meet with the pastor. There is adult Bible study on Sunday at 10 a. m. and on Tuesday morning at 10 o'clock. Youngg people in the seventh and eighth grades meet with the pastor each Saturday morning for instruction in the Christian faith and life. A vacation church school is held each summer for the children. Opportunities for Christian service and fellowship are found in the youth group, the women's group, and the Christian Couples' Club.

Providing leadership in these various groups are Ardanelle Jaranson, Mrs. Herb Kraling, and Mr. and Mrs. Leo Douglas. This year Howard Garden is serving as president of the congregation, giving leadership to the church council which is the elected governing board of the congregation.

Westlake Lutheran faces the future with the purpose of serving the spiritual needs of this community.

Local Pastor Helps Handicapped

On Tuesday, April 2nd, Reverend Dr. Hensel Stembridge of the Westlake Community Church, Southgate and Elmwood in Daly City, will give his time and talent to making the early morning services at Goodwill Industries inspiring for the 275 handicapped workers.

Traditionally, the employees in the sheltered workshop start the day in worship twice each week. Because the people are of every race and creed, ministers of various faith give the message—and not once has a topic been duplicated.

The services, which start at 8 a.m. every Tuesday and Thursday, are held in the Memorial Chapel on the second floor of the five story Howard Street plant. Although attendance is not compulsory, those who participate are paid for the time spent in chapel.

Slav, Portuguese and Japanese fishermen who came to California in the second half of the 19th century tended to favor southern California while Italians, Greeks, Norwegians and Chinese settled in the north.

Good Turnout At Stake Center Lecture

by Garnee Faulkner

The rain was pouring down, driven with force by a mighty wind, and cars continued to unload passengers at the entrance of the San Francisco Stake Center last night, March 22nd.

The event was a lecture given by Jack H. West on the authenticity of the Book of Mormon. At least nine hundred persons braved the storm to hear this fascinating and unusual presentation.

Mr. West kept everyone alert while they listened to the Joseph Smith story being examined, tried and tested as the mock trial unfolded. They heard the testimonies of all twelve witnesses to the Book of Mormon, and of the persecution they withstood in declaring, to their dying days, that what they had heard and seen were true.

The second part of the trial will cover the internal evidences of the Book of Mormon. Those who have heard this session say it is even more powerful than the first. It will be held Friday, April 19th at 8:00 p.m. at the Stake Center. The Center is located at Hillside and Brunswick streets in Daly City.

Keep in mind also, the third and final sessions to be held May 10th. This is the scientific approach, which brings slides and proof from Mexico by non-mormon archeologists. These court sessions are open to the public at no cost.

B'nai Israel Sermon

Traditional Friday evening family worship service will be conducted at Congregation B'nai Israel, 67 Los Banos Ave., Daly City on April 5, 1963 at 8:30 p.m. Rabbi Shore's topic for that evening will be "Passover and its Influence on Judiasm." There will also be short Passover services at the Temple on Monday and Tuesday evenings, April 8 and 9, commencing at 7 p.m.

Cub Pack 259 Show Den Work

Windy weather blew a large crowd into Benjamin Franklin multi-purpose room on March 15 for Pack 259's meeting.

The presentation of the flag and the pledge of allegiance were handled by the Webelos den. Cubmaster Scaduto called the Dens up for inspection.

New member, Thomas Woodard, will be a participant in Den Three. Cubmaster Scaduto greeted Tom and his parents and questioned Tom on his knowledge of Cub Scout requirements. A Bobcat pin was presented to Mrs. Woodard and she pinned it on Tom. All Cubs and leaders stood and joined Tom in saying the Cub Scout Promise, then the Cubs let out a "grand howl" of welcome for Tom.

Chairman of the Rocket Derby, Mr. Heissenbuttel, announced that the race will take place at the April Pack meeting. Cubs and their fathers are urged to get their rockets made in plenty of time.

Outing Chairman, Capt. Foss is busy working on plans for trips to Naval bases to tour a destroyer and an aircraft carrier, then an outing to Hamilton field to get some first hand knowledge about airplanes. Time and date will be announced when plans are complete.

On April 21, our Cubs and their fathers are invited to join Boy Scout Troops 259 and 129 for a day of fun and achievement at the final day of a Boy Scout campout.

The annual picnic, which replaces the June pack meeting, will be held June 2 at Flood Park.

Den 4 presented a display of den work, which included den stools, various seasonal place mats and table decorations, games and a botany project. Currently, the boys are working on mosaic hot plates.

"All Around the U. S. A.," the March theme, was featured in the skit put on by Den 3. The Cubs skit portrayed their dream vacations and each boy was costumed appropriately. A large map was made and information collected about the state each boy wished to visit. A lumber jack told about Washington, and an Indian pointed out the virtues of Colorado, a pilot told why he wished to visit Cape Canaveral in Florida.

Smokey Bear took part in this skit, reminding all that "Only you can prevent forest fires." All the Cubs in Den Three joined in singing "This land is made for you and me" to close the skit. Very well done boys.

Graduation ceremonies brought Jeff Wolchok, accompanied by Mr. Maza, Webelo leader, to the front of the room. Cubmaster Scaduto presented a one year pin, an achievement plaque and a graduation certificate to Jeff. Jeff is moving to Los Angeles and plans to continue in Scouting there. Congratulations and good luck, Jeff.

Achieving the highest rank in Cubbing, the Arrow of Light, were four boys: Mark Fontana, Tim Orton, Steve Mazza, and Jeff Wolchok.

They came forward with a parent to receive their awards. All Cubs gave out with a "grand howl" of congratulations.

Other awards were as follows:

Wolf Awards: Mark Impeartrice, Sandy McDonald, George Foss, Bruce Watts.

Lion Awards: Danny Proctor, Bob Smith.

Gold on Wolf: Bruce Watts, George Foss, Mark Impeartrice.

Gold on Lion: Mike Cestone, Bob Smith, Danny Proctor.

Silver on Wolf: Bill Sherbert (2), George Foss.

Silver on Bear: Rodger Mattson.

Silver on Lion: Tobi Kasavan (2), Mike Cestone.

Webelo Sleeve Badge: Bob Smith, Mike Coker.

Ass't. Denner Stripes: Rick Amato, Cal Courtney, Randy Bushner, John Heissenbuttel.

Denner Stripes: Rodger Mattson, Canny Proctor, Bill Sherbert, Steve Paras.

Game time and sack racing. Den by den they raced and fell, raced and bounced, until the finalists raced it off and the winner was Steve Mazza. He won a Rocket Derby kit for the Webelo den.

The Webelos retired the colors and refreshments followed the meeting.

Top sellers in the peanut sale last fall were the boys in Den One, as a reward for their efforts they enjoyed an outing to the Funhouse at the beach, accompanied by their Den Mothers.

Mark Fontana was the high scoring man on the Webelo bowling outing on March 8 at the Westlake Bowl.

The Student Council Eexecutive Committee is composed of the following members: President, Jerry Belsha; Vice President, Gay Saure; Secretary-Treasurer, Cynthia McGuigan; Sergeant at Arms, Dave McClay.

Applause for Rafferty

Edythe Bielenberg, president of McKinley P.T.A. and candidate for the San Mateo County Board of Education, has applauded the action of Dr. Max Rafferty, state superintendent of public instruction, for his letters of suggestion and guidance to local school boards.

Mrs. Bielenberg, wife of Richard Bielenberg, resides at 2520A Graceland avenue, San Carlos; is the mother of a four year old girl and a 15 year old boy. Over the past ten years, she has been keenly interested in elementary schools and special education for exceptional children.

"Max Rafferty indicated that these suggestions were a reflection of the grass roots sentiments of thousands of parents and citizens to whom he talked during his campaign," Mrs. Bielenberg said.

Mrs. Bielenberg also called special attention to the Rafferty idea that history, geography and civics be considered as separate subjects rather than being all mixed together and labeled "Social Studies" or "Social Living."

She went on to say that, "Careful consideration will be given to Rafferty's memos by myself and the other three members of the Pro-Rafferty Slate, when we are elected to the County Board of Education."

City-County Building

The rapid growth of Daly City is bringing to the fore the necessity for the community to take a look at our public buildings. Designed for a small community, they are now totaly inadequate to meet the needs of a city of more than 50,000 population—a city which may have another 25,000 residents in a matter of a few short years.

At the present time, citizens having business with the city may have to go to four or five different locations. The water department, city engineer, police and administrative offices are scattered all over. This is not only difficult for the citizenry, but lowers the efficiency of the city operation itself.

This situation can only worsen as Daly City grows. And it will become more difficult to find a suitable location for a consolidated civic center as more and more land is occupied.

There is another factor to be considered. Daly City is now the second largest city in the County, and may well soon be the largest. Residents of northern San Mateo County need facilities of the county, such as assessor, tax collector, social welfare and health department facilities close at hand. And with more than 150,000 residents in the Daly City, Pacifica, South San Francisco district, a Superior Court can well be in order.

We think that City Officials should get together with the County and start planning a City-County building to bring all these facilities under one roof where they can best serve the citizenry.

Daly City has a fine record of building out of the current income. The Water department, for example, is carrying out a million and one-half dollar improvement out of current revenues without resorting to a bond issue. In fact, the City of Daly City has one of the lowest per capita bonded indebtedness in the state.

If action is started on such a building plan, a site is chosen soon, services that the city provides, as well as county services can be available before they are completely scattered into a hodge-podge of inefficient, expensive rental buildings.

Many residents who do not realize the extent to which the city services have necessarily grown, should investigate and then support such a building program.

This Is For Real

One of the few authentic, romantic adventurers of the 20th century was the fabulous Lawrence of Arabia, the man of whom Churchill said: "We shall never see his like again. His name will live in history."

To understand the Churchillian tribute it is necessary to relive with Lawrence the great adventure that culminated in his seizure, at the head of his desert tribesmen, of the Turkish stronghold of Damascus hours ahead of General Allenby and the Near East British Army.

Historic, yet fantastic as any mirage in the limitless desert where these things happened during World War I, "Lawrence of Arabia" is the story of the young British officer who singlehandedly rallied the feuding desert tribesmen to fight against a common enemy, who led their bloody assaults on the Turks from Aquaba to the final rout at Damascus. And, most poignantly, it is the story of the dissolution of his dream of Arab empire, of dearly-won victory mocked and dissipated in the revival of ancient tribal quarrels.

If it were not history, the story of Lawrence could not be believed. Yet it is not dated but as new as tomorrow's headlines—which will doubtless announce new violence, new bloodshed, new striving in the Near East for the vision that this driving, relentless, incredible Englishman saw in the shifting sands on broiling noondays and starspangled nights.

Today, after 45 turbulent years, the desert sands still thirst for blood. Perhaps it will always be so.

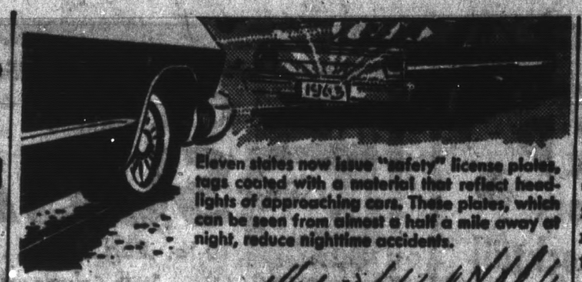
"Usually a husband grows alone—especially when the little woman hasn't had a birthday for the last 10 years."—Kenny Bennett, Greencastle (Ind.) Putnam County Graphic.



Eleven states now issue "safety" license plates, tags coated with a material that reflect headlights of approaching cars. These plates, which can be seen from almost a half a mile away at night, reduce nighttime accidents.

Professional driver training schools were asked for safety suggestions. One: Why don't cars have rear-window wipers, so drivers also can see through rear windows during a rain storm?

The National Safety Council claims that 5,000 lives a year could be saved if drivers and passengers used seat belts.

A PARTY . . .

Patrolman Bastedo was throwing a party. He arranged for a restaurant and the proper day. Then he made some phone calls, and the invited guests prepared to attend his party.

The invited guests consisted of one other Daly City policeman and a number of San Francisco officers. These were members of the Fifty-eighth Police Recruit Class of the San Francisco Police Academy, and they all graduated in 1949.

When they graduated they threw a party, and they have been doing so every year ever since. This party would be the fifteenth in fourteen years.

It was customary of the older, greyer, balder, veteran officers to convene for a short happy hour prior to dinner. There they would raise a friendly glass and speak of exploits, both prosaic and heroic, in which each had participated in the past year.

Then, dinner was in order, and speeches and introductions.

Bastedo had made these arrangements because he and the other officers were members of the same class. At that time, Daly City recruits were trained at, by, and througgh the courtesy of the San Francisco Department.

This year, it was the two Daly City officers' turrn to play host.

THE ARRANNGEMENTS . . .

As on every other occasion, the real arrangements were finalized through the class secretary, Patrolman Young, currently working as an aide out of Chief Cahill's office. No arrangements would be complete without the efforts of this loyal and sincere man.

ROLL CALL . . .

Of the forty-two men in the class (they are spread far and wide fourteen years later), two of them are dead. One did not graduate. Five others left their Department. One left for disciplinary reasons. One joined the Fire De partment for better conditions. Two entered private business. One is now an agent for the Alcohol Beverage Control people.

Two other men are retired on disabilities.

The others have varied assignments.

Louis Fontana was the first of the San Francisco people to make Sergeant. He works Patrol out of Southern Station.

Howard Arata also made Sergeant. He is assigned to City Prison.

Jim Boehm is a Detective, and participated in the recent acid case arrests.

Leo Corsello has been avoiding the day watch for years. He is a husky, hard nosed officer who patrols at night in the Potrero, and who has a name as a really good officer.

Edward Grant, Jr., is now a burglary investigator and a Detective, and Ed Lawson is a mounted patrolman, who maneuvers his horse variously through Golden Gate Park, and the beach sand dunes, and occasionally in the ocean breakers.

Ted Lusher is now a Detective in the Auto Detail, after an active and successful motorcycle assignment. Bob McLennon is a robbery Detective.

Dan Nilan is assigned to a radio car in Central Station, from which place he emerges yearly to play his part as class president. Big George Pohley is a Narcotics Detail Detective, and John Rajewski operates a solo motorcycle, as does Gene Varni. Robert Spotswood performs in the Accident Investigation Bureau.

GUESTS . . .

Others are invited to the festivities each year. Captain Engler, then commanding the Police Academy and now commanding Central Station, is usually there, as is rough, tough physical instructor, Officer Ed Epting. Daly City Chief Petrocchi is also invited.

AND . . .

And so Bastedo threw his party, and it was the usual success. There will be another one next year. But the Daly City representatives of the class noticed something this year—those San Francisco guys are beginning to look older.

Letters to the Editor

Dear Mr. Harrah:

The members of the Daly City Belle-Tones, and more recently the Daly City Community Chorus wish to extend to you, and to your columnist, Mona Baker, an invitation to be our guests on April 25th, to a musical "Thank You" we have planned in honor of the paper and Miss Baker. We all feel that the newspaper interest in our behalf has been fabulous. Miss Baker has been generous in her column of us and our efforts. Her comments have encouraged many people to join this civic activity. We almost feel like she 'adopted' us as her project.

For these and other kindnesses too numerous to itemize, we have set aside the evening of Thursday, April 25th, as MONA BAKER NIGHT at Community Chorus. We meet from 8 to 10:30 P.M. at the new Lincoln Park Clubhouse, corner of Acton & Brunswick Streets. On this night we will endeavor in our informal way, to show Mona how we feel about her. It would be especially nice if you could join us in this tribute.

Now that male voices have joined us, some exciting sounds are being made at rehearsals. Following the appearances of the Belle-Tones (Women only) on April 2 at the Boy Scout Appreciation Dinner at Westmoor High School, and their April 4th appearance at the YWCA-Penney's EASTER FASHION SHOW at Westlake Bowl, we will prepare for the first local appearance of the Community Chorus at Colma Parent - Teacher Assn. meeting May 23rd at 8 o'clock. Our new male members are talented and enthusiastic and we are always 'scouting' for new members.

Miss Baker has been notified of this special event for her, and if you feel the general public might like to know of it, we would be pleased to have this letter printed.

Most "Chord"ially,
Patti Stolz, Director;
Daly City Belle-Tones & Community Chorus.

Editor:

In behalf of the whole membership of the Serra Highland Improvement Association of South San Francisco and myself, I would like to take this opportunity to express our heartfelt thanks and appreciation to you and your wonderful paper for the publicity and cooperation you gave to our Association's causes in the past months.

I know that without your kind assistance and cooperation, our Association's civic welfare works and projects would not have been successful year ending last day of March 1963.

I hope that you will continue to give publicity and cooperation to our Association under the newly elected Board of Directors.

Thank you again for your courtesies and favors.

Sincerely yours,
Young Han Choo
Retiring President

Editor:

I want to take this opportunity to say thank you. I have appreciated the wonderful cooperation and help this past year in the publicity you have given us.

I certainly hope that our next group of officers will receive the same marvelous publicity which has helped to make our affairs such big successes.

Once again, thank you.
Sincerely,
Mrs. Herbert Gross,

Affairs Of State

By Henry G. MacArthur

Some citizens of California still retain the naive belief that when they elect a governor, no matter whether the party be Republican or Democrat, that the chief of state is the director of policy in matters that pertain to state government.

Ever since the inauguration of civil service in California, this theory has been gradually dispelled. More and more, the civil service employees are directing policy matters, to the detriment of the conduct of government on behalf of the people.

And under a bill by Assemblyman John T. Knox, D-Richmond, this theory of government by entrenched bureaucracy would be materially increased, to the lessening of the influence of the people.

The Knox bill, AB 1991, provides for a "career executive category of civil service positions." It authorizes the state personnel board to "designate positions of a high administrative and policy influencing character for inclusion in or withdrawal from this category."

The measure provides further that positions in this category are to be filled by competitive examination "by persons with permanent civil service status."

Thus, the elected representative of the people of California would be barred from making appointments of his own choosing to carry out the policies to carry out the platform on which he was elected!

A bill of this nature clearly inicates the tendency toward continued bureaucratic government. The measure in effect, would turn virtually all of the policy-making functions of government over to the career civil servants, whose primary outlook on life is retention of their jobs, and continuous higher salaries for civil service employees.

Such a bill causes the citizenry to wonder "what next?" Both political parties nominate candidates for the governorship. One party is successful and the platform of that party, theoretically at least, is supposed to represent the will of the people.

And unless the elected chief of state can put his own selections in the offices under him, what chance has he to carry out the platform? There is only one answer, no chance at all.

Already, civil service has infiltrated into the higher levels of government, into the fields where policy is made, to the point where almost every administrator bemoans the fact, in private at least, that he is ham-strung and hog-tied as far as operating his department is concerned. Forcing additional civil servants in the policy making field merely would increase the problems of top-level administrators in carrying out the policies of the administration itself.

It is no secret in Sacramento hat top administrators, although they never would admit it in public, would like to see the end of civil service. It is also no secret that the encroachment of civil service into the policy field and into top level administration has far exceeded the intent of the people when they ratified the civil service provisions in the constitution.
